INITIAL STATEMENT OF REASONS

Hearing Date: _____

Subject Matter of Proposed Regulations: Sponsored Free Health Care Events

(1) Section(s) Affected: Title 16, Division 13.2, Adopt Article 14, Adopt Sections 1400–1400.3

Introduction

On September 23, 2010, Governor Arnold Schwarzenegger signed AB 2699 (Bass, Chapter 270, Statutes of 2010), enacting Business and Professions Code Section 901 (“§ 901”), which takes effect January 1, 2011. This statute provides a regulatory framework for certain health care events at which free care is offered to uninsured or under-insured individuals by volunteer health care practitioners where those practitioners may include individuals who may be licensed in one or more states but are not licensed in California. Prior to this enactment, licensing laws precluded the participation of volunteers licensed outside of California. § 901 defines “sponsoring entities,” “sponsored events,” and “health care practitioners,” and sets forth requirements for registration of sponsoring entities and authorization for participation by practitioners licensed in other states by the various boards responsible for licensure and regulation of healing arts.

These proposed regulations would implement, interpret, and make specific the provisions of § 901 by specifying procedures and forms to be used by sponsoring entities and out-of-state practitioners who desire to participate in sponsored events. The board’s highest priority is the protection of the public and these proposed regulations are intended to implement § 901 in a manner that will provide the greatest protection for the people of California.

Specific Purpose of each adoption, amendment, or repeal:

Adopt section 1400 (Definitions) – This section is needed to clarify the language of the statute. Specifically, the definition of “community-based organization” is necessary because there is no statutory definition. The definition of “out-of-state practitioner” is needed to clarify which practitioners the proposed regulations are intended to affect.

Factual Basis/Rationale:

“Community-based organization” is listed in the statute as one type of sponsoring entity. There is no definition of such an entity in state statute. The proposed definition of this term therefore is derived from a federal law (Title 20 USCA section 7801 related to education law) that does contain a definition of “community-based organization.” This definition provides much-needed clarity to the term.

The statute defines “health care practitioner” as any person who engages in acts subject to licensure under Division 2 of the Business and Professions Code. The proposed regulations, along with the operative provisions of § 901, however, concern specifically health care practitioners licensed to practice [profession] in other states and territories. Therefore, in order to provide clarity for purposes of the text of the regulations, the definition of “out-of-state practitioner” is proposed. The definition is based upon the criteria set forth in § 901(b).

Adopt section 1400.1(a) (Sponsoring Entity Registration) – This section establishes a timeframe for submission of a sponsoring entity’s registration form and prescribes a registration form to be used.

Factual Basis/Rationale:

Sponsoring entities are required under § 901 (d) to register with the board if they will have out-of-state practitioners participating in their sponsored event. Therefore, the proposed regulation implements the statute by providing a form that a sponsoring entity can use to meet this requirement. The form includes space for all of the information required to be submitted under the statute. Also, the proposed regulation requires that sponsoring entities submit their registration forms no later than 90 days prior to the sponsored events. This is proposed in order to allow for sufficient time for review of the registration information and to have the registration in place prior to receipt of participation authorization requests from out-of-state practitioners.

Adopt section 1400.1(b) (Determination of Completeness of Form) – This section provides a mechanism for the board to delegate the receipt and review of the sponsoring entity registration form along with criteria for accepting or rejecting the registration.

Factual Basis/Rationale:

Because sponsoring entities may be required to register with multiple boards under § 901 (d), the proposed regulation allows the board to delegate the authority to receive and process the registration form to the Department of Consumer Affairs. Assuming that all applicable boards make this delegation, the sponsoring entity need only file one registration form and the Department will notify the boards that the sponsoring entity

submitted a complete form. This proposed regulation also specifies that the registration form need be complete in order to be accepted and that all deficiencies must be corrected at least 30 days prior to the commencement of the sponsored event. This requirement is needed in order to ensure the board that the entity has provided all required information including the correct contact information for the sponsoring entity when the event commences.

Adopt section 1400.1(c)] (Recordkeeping Requirements) – This section implements and makes specific the recordkeeping requirements of sponsoring entities set forth in § 901 (g).

Factual Basis/Rationale:

§ 901(g) specifies certain records that sponsoring entities must maintain and requires entities to furnish these records upon request to the board. In order to implement these requirements, the proposed regulation specifies that these records must be kept both at the physical premises of the sponsoring event and at a location in California for the statutorily required five-year period. Having these records available at the event and, thereafter, at a location in California is necessary in order to provide the board with access to the records. Further, the proposed regulation specifies that the records may be kept in either paper or electronic form and that the sponsoring entity shall notify the board upon registration of the form of its records. This provision clarifies that either form of records is acceptable to the board.

Adopt section 1400.1(d) (Requirement of Prior Board Approval) – This section clarifies that authorization must be provided before a sponsoring entity may allow an out-of-state practitioner to participate in a sponsored event.

Factual Basis/Rationale:

§ 901 provides for authorization requirements for out-of-state practitioners and for registration requirements of sponsoring entities. This proposed regulation connects the two requirements by clarifying that a sponsoring entity may not permit an out-of-state practitioner to participate in its event unless and until it receives authorization from the board.

Adopt section 1400.1(e) (Post-event Report) – This section specifies the information to be provided in the report required under § 901(f)

Factual Basis/Rationale:

§ 901(f) requires a report to be filed with the board by a sponsoring entity within 15 days after a sponsored event and sets forth the minimum information to be included. The statute, however, does not provide any information as to the form of the report. The

proposed regulation makes clear the board will accept a report in whichever form the sponsoring entity chooses. Also, the proposed regulation includes a requirement that the license number be included in the report. This information is necessary for the board to identify the participants involved.

Adopt section 1400.2(a) (Request for Authorization to Participate) – This section provides the mechanism by which an out-of-state practitioner may request authorization to participate in a sponsored event.

Factual Basis/Rationale:

Out-of-state practitioners who desire to participate in a sponsored event must request authorization from the board in accordance with § 901(b). The statute specifically requires the board to prescribe a form and set a processing fee for this purpose. The proposed regulation implements § 901(b) by incorporating proposed FORM 901-B to be submitted by the out-of-state practitioner to the board to request authorization to participate. The form provides space for the applicant to include all of the information required by the statute.

The fee of \$ has been determined by the board as a reasonable amount to cover the costs to the board for developing the authorization procedure and processing the authorization. *[Insert here any underlying data available as to how the specific fee amount was determined.]*

Additionally, the regulation requires the applicant to submit additional material not specifically listed in the statute. First, the applicant must submit personal identifying information including contact information, the individual's social security number, employer's contact information and either a full set of fingerprints or a Live Scan inquiry. These requirements are reasonably necessary in order for the board to verify the requirement of § 901(b)(1)(B)(i) that the applicant has, "not committed any act or been convicted of a crime constituting grounds for denial of licensure or registration under [Business and Professions Code] Section 480." Section 480 authorizes a board to deny licensure based on an applicant's conviction of a crime. A criminal background check is more easily effected if the board has as much personal identifying information as possible. *[If applicable--Further, the board is authorized to require applicants to furnish fingerprints for criminal background checks under Business and Professions Code section 144.]*

§ 901(b) also provides that applicants seeking authorization to participate must meet the educational and experience requirements determined by the board. The board has determined that *[insert here the educational and experience requirements, if any, as determined by the board along with any underlying data used to make the determination]*. It is the opinion of the board that these minimum requirements are necessary to protect the public from inexperienced or unqualified practitioners who

have not met the board's full requirements for licensure.

Adopt section 1400.2 (b) (Response to Request for Authorization to Participate) – This section sets forth the standard timeframe in which the board shall grant or deny the authorization request.

Factual Basis/Rationale:

§901(b)(1)(A) provides that the board shall notify the sponsoring entity within 20 days of receiving a request for authorization to participate whether that request is approved or denied. The proposed regulation sets forth this statutory requirement and is necessary in order to restate the standard timeframe for response by the board within the context of the regulations.

Adopt section 1400.2(c) (Denial of Request to Participate) – This section sets forth the criteria under which the board must or may deny a request for authorization to participate.

Factual Basis/Rationale:

The statute provides that the board must authorize the participation of out-of-state practitioners in sponsored events, but it does not list specific criteria for denial of authorization other than if a practitioner, "fails to comply with the requirements of this section or for any act that would be grounds for denial of an application for licensure." Therefore, it is necessary to provide at least some specific detail as to the criteria the board will use beyond the general authorization to deny an application.

The board has determined that the failure of an applicant to respond within seven days to a request for additional information will result in an automatic denial of a request. Because the board only has 20 days in which to grant or deny a request, timing is critical and the board's opinion is that failure of an applicant to respond within seven calendar days will sufficiently jeopardize the board's ability to effectively review a complete application within the allotted time.

Further, a failure to meet any of the specified educational and experience requirements determined by the board and discussed under section [3(a)] of these proposed regulations will constitute an automatic denial of the application. The board has determined that these criteria are necessary to protect the public from inexperienced or unqualified practitioners that have not met the board's full requirements for licensure. *[Discuss reasons for using specific criteria here as appropriate]*

The proposed regulation also sets forth discretionary reasons for denying a request. The first of these is that the application is not received within 20 days prior to the event. § 901(b)(1)(A) provides that the board shall use reasonable efforts to notify the

sponsoring entity within this time. The proposed regulation, however, provides needed clarity to the statute that, in the event that the statutorily required reasonable efforts are insufficient to review the application in advance of the event, the board may then deny the request. It would be counter to the Board's consumer protection mandate to require it to grant authorization to an individual whose request is submitted in so short a time before the scheduled event that it cannot adequately be reviewed.

The other discretionary reasons for denial are based upon the past actions of the board with respect to that particular individual. The board is of the opinion that if an applicant has previously had a request denied or an authorization terminated, this alone may be cause for a subsequent denial. Because the time for review of the authorization is only 20 days, the board may not have time to revisit the case of an individual who has already been determined by the board as unfit to participate. The board feels that it is reasonable, however, to consider this a discretionary decision so that, on a case-by-case basis, the board can reevaluate a particular individual's circumstances as appropriate if sufficient time exists to do so without compromising public protection.

Finally, the board feels that it is reasonable and necessary to include discretionary denial authority in the event that an applicant has participated in [*insert here the # of events decided*] within the 12-month period immediately preceding the current application. The board feels that, in an effort to maintain the integrity of the state's licensing laws and, thus, protect the public, it should have discretion to deny permission to applicants when the board recognizes that a particular applicant practices in California without a license on multiple occasions within the span of one year. Such a situation would frustrate the purpose of the "temporary" nature of the exemption from licensure permitted under § 901.

Adopt section 1400.2(d) (Appeal of Denial) – This section provides an appeal procedure for an applicant who has had a request for authorization to participate denied by the board.

Factual Basis/Rationale:

§ 901 allows for the denial of a request for authorization to participate, but it does not provide any appeal procedure for the denied individual. In order to ensure some measure of due process, the board feels that applicants should have access to the same appeal procedure available for an out-of-state practitioner who has had his or her authorization terminated. Therefore, the proposed regulation references the appeal procedure in section [4] of these proposed regulations, discussed below. This will provide consistency in the two appeal processes.

Adopt section 1400.3(a) (Grounds for Termination of Authorization) – This section provides the grounds upon which the board may terminate the authorization to participate previously granted to an out-of-state practitioner.

Factual Basis/Rationale:

The first two grounds for termination listed in the proposed regulation are consistent with § 901(j)(1). As an additional ground for termination, this proposed regulation adds the receipt of a credible complaint indicating that the practitioner is unfit to practice or is endangering the public. This provision is necessary in order for the board to act consistently with its mandate that protection of the public is its highest priority. Because of the permissive and temporary nature of the licensure exemption granted under § 901, and the limited time which the board has to review and verify the qualifications of the out-of-state practitioner, the board feels that it is essential that it act immediately to terminate the authorization to participate granted to the non-California licensed individual when a credible complaint of endangerment is received.

Adopt section 1400.3(b) (Notice of Termination) – This section specifies written notice of a termination may be given during a sponsored event.

Factual Basis/Rationale:

The statute provides that written notice of a termination shall be given to both the sponsoring entity as well as the individual practitioner. This proposed regulation is necessary to clarify that in the event a termination is issued during the course of a sponsored event, the board may provide the written termination notice to any representative of the sponsoring entity on the premises of the event. The most expeditious way to notify the entity is at the event itself so that the practitioner will be instructed to cease practice immediately.

Adopt section 1400.3(c) (Consequences of Termination) – This section sets forth the consequences of a termination of an authorization to participate and how the board will report the fact of the termination.

Factual Basis/Rationale:

§ 901(j)(3) provides that out-of-state practitioners shall not provide services under this statute following a termination of authorization. The proposed regulation specifies that the practitioner shall “immediately” cease their participation in the event. The board feels that this clarification is necessary in the event that a termination is issued during the course of an event. In case there is any confusion as to when the termination becomes effective, this proposed provision would be necessary to remove any doubt that the practitioner must immediately desist from participation as soon as the termination notice is received.

The proposed regulation also provides that the board will consider a termination of

authorization a disciplinary measure that is reportable to the national practitioner data banks and the individual's out-of-state licensing authority(ies). The board views these provisions as reasonably necessary and logical in order to protect the public. The grounds for termination are criteria that the board itself would consider as disciplinary measures for its own licensees [*cite appropriate statutory provisions if available*]. Therefore, because the board does not have licensing authority over the out-of-state practitioner, its only disciplinary remedy is to report the conduct to the individual's home jurisdiction and applicable national practitioner data bases. If the conduct is such that it would lead to action against the practitioner's out-of-state license, then the board would have that information available to it in the event that the individual applied for either a subsequent authorization to participate in a future sponsored event or a license to practice in California.

Adopt section 1400.3(d) (Appeal of Termination) – This section provides the procedure for appealing denials of authorization and terminations of authorizations to participate.

Factual Basis/Rationale:

The statute allows for an out-of-state practitioner who has had his or her authorization to participate terminated by the board to file a written appeal to the board within 30 days of receipt of the termination notice. The proposed regulation specifies that this request for appeal shall be considered a request for an informal hearing under the Administrative Procedure Act (APA). This is potentially a less costly system than the formal hearing procedure and is warranted for removal of this type of authorization.

Adopt section 1400.3(e) (Informal Conference Option) – This section provides an alternative to a hearing under the APA for appeals submitted by out-of-state practitioners.

Factual Basis/Rationale:

§ 901(j) allows for the filing of an appeal by an out-of-state practitioner. In addition to the APA procedure set forth in proposed section [4(d)] above, this proposed regulation also offers the appealing out-of-state practitioner the option of an informal conference with the board's executive officer to try and resolve the appeal. This proposed regulation is consistent with the board's practice for its own licensees who have been issued a citation [*cite applicable code/regulatory section*] and provides an inexpensive option to ensure the efficient resolution of appeals when possible. The informal conference option proposed does not affect the appellant's right to a hearing under the APA.

Business Impact

X This regulation will not have a significant adverse economic impact on businesses. This initial determination is based on the following facts or evidence/documents/testimony:

The regulation only impacts nonprofit organizations sponsoring free health care events and practitioners from other states volunteering in California. There is some impact to the out-of-state volunteers in that they will be required to submit the processing fee to receive authorization to participate. This fee will have to be factored into the cost of that individual's volunteerism. The fee may be covered by sponsoring entities, who will also incur minor costs with respect to maintaining records of their volunteers, reporting to boards after events and filing a registration as appropriate. Those costs are imposed by the statute and not by these regulations

Specific Technologies or Equipment

X This regulation does not mandate the use of specific technologies or equipment.

_____ This regulation mandates the use of specific technologies or equipment. Such mandates or prescriptive standards are required for the following reasons:

Consideration of Alternatives

No reasonable alternative to the regulation would be either more effective in carrying out the purpose for which the action is proposed or would be as effective and less

burdensome to affected private persons than the proposed regulation. The board is directed by statute to develop these regulations and there is, thus, no other method of developing the forms and procedure for registering sponsoring entities and granting authorization for requests by out-of-state practitioners to participate in sponsored events.

One possible alternative is to delay or refrain from promulgating any regulations – i.e., maintain the status quo. This is not reasonable because the statute contemplates a registration and fee process to be developed by the board to implement the statute. By not creating a procedure, the board would frustrate the purpose of the statute, which is intended to provide an opportunity for out-of-state licensed volunteers to participate in certain free health care events. Also, it is not reasonable to delay because the statute has a sunset date of January 1, 2014. Because the statute is only effective for three years, it is incumbent on the board to implement the required processes as soon as possible.

§1400.1. Sponsoring Entity Registration and Recordkeeping Requirements.

(a) Registration. A sponsoring entity that wishes to provide, or arrange for the provision of, health care services at a sponsored event under section 901 of the code shall register with the board not later than 90 calendar days prior to the date on which the sponsored event is scheduled to begin. A sponsoring entity shall register with the board by submitting to the board a completed Form 901-A (01/2011), which is hereby incorporated by reference.

(b) Determination of Completeness of Form. The board may, by resolution, delegate to the Department of Consumer Affairs the authority to receive and process Form 901-A on behalf of the board. The board or its delegatee shall inform the sponsoring entity within 15 calendar days of receipt of Form 901-A in writing that the form is either complete and the sponsoring entity is registered or that the form is deficient and what specific information or documentation is required to complete the form and be registered. The board or its delegatee shall reject the registration if all of the identified deficiencies have

not been corrected at least 30 days prior to the commencement of the sponsored event.

(c) Recordkeeping Requirements. Regardless of where it is located, a sponsoring entity shall maintain at a physical location in California a copy of all records required by section 901 as well as a copy of the authorization for participation issued by the board to an out-of-state practitioner. The sponsoring entity shall maintain these records for a period of at least five years after the date on which a sponsored event ended. The records may be maintained in either paper or electronic form. The sponsoring entity shall notify the board at the time of registration as to the form in which it will maintain the records. In addition, the sponsoring entity shall keep a copy of all records required by section 901(g) of the code at the physical location of the sponsored event until that event has ended. These records shall be available for inspection and copying during the operating hours of the sponsored event upon request of any representative of the board.

(d) Requirement for Prior Board Approval of Out-of-State Practitioner. A sponsoring entity shall not permit an out-of-state practitioner to participate in a sponsored event unless and until the sponsoring entity has received written approval from the board.

(e) Report. Within 15 calendar days after a sponsored event has concluded, the sponsoring entity shall file a report with the board summarizing the details of the sponsored event. This report may be in a form of the sponsoring entity's choosing, but shall include, at a minimum, the following information:

- (1) The date(s) of the sponsored event;
- (2) The location(s) of the sponsored event;
- (3) The type(s) and general description of all health care services provided at the sponsored event; and
- (4) A list of each out-of-state practitioner granted authorization pursuant to this article who participated in the sponsored event, along with the license number of that practitioner.

§1400.2. Out-of-State Practitioner Authorization to Participate in Sponsored Event

(a) Request for Authorization to Participate. An out-of-state practitioner ("applicant") may request authorization from the board to participate in a sponsored event and provide such health care services at the sponsored event as would be permitted if the applicant were licensed by the board to provide those services. An applicant shall request authorization by submitting to the board a completed Form 901-B (01/2011), which is hereby incorporated by reference, accompanied by a non-refundable processing fee of \$ [REDACTED]. The applicant shall also furnish either a full set of fingerprints or submit a Live Scan inquiry to establish the identity of the applicant and to permit the board to conduct a criminal history record check.

(b) Response to Request for Authorization to Participate. Within 20 calendar days of receiving a completed request for authorization, the board shall notify the sponsoring entity whether that request is approved or denied.

(c) Denial of Request for Authorization to Participate.

(1) The board shall deny a request for authorization to participate if:

(A) The submitted Form 901-B is incomplete and the applicant has not responded within 7 calendar days to the board's request for additional information.

(B) The applicant has not met the following educational and experience requirements:

- (i) [REDACTED]
- (ii) [REDACTED]

(C) [REDACTED]

(D) The applicant has failed to comply with a requirement of this article or has committed any act that would constitute grounds for denial of an application for licensure by the board.

(E) The applicant does not possess a current valid license in good standing. The term "good standing" means the applicant:

(i) Has not been charged with an offense for any act substantially related to the practice for which the applicant is licensed by any public agency;

(ii) Has not entered into any consent agreement or been subject to an administrative decision that contains conditions placed upon the applicant's professional conduct or practice, including any voluntary surrender of license;

(iii) Has not been the subject of an adverse judgment resulting from the practice for which the applicant is licensed that

the board determines constitutes evidence of a pattern or negligence or incompetence.

(2) The board may deny a request for authorization to participate if:

(A) The request is received less than 20 calendars days before the date on which the sponsored event will begin.

(B) The applicant has been previously denied a request for authorization by the board to participate in a sponsored event.

(C) The applicant has previously had an authorization to participate in a sponsored event terminated by the board.

(D) The applicant has participated in [insert a number here] or more sponsored events during the 12 month period immediately preceding the current application.

[(E) ***]

(d) Appeal of Denial. An applicant requesting authorization to participate in a sponsored event may appeal the denial of such request by following the procedures set forth in section 4.

NOTE: Authority cited: Business and Professions Code §§144, 901, 2615 and 2676. Reference: Business and Professions Code § 901

§1400.3. Termination of Authorization and Appeal.

(a) Grounds for Termination. The Board may terminate an out-of-state practitioner's authorization to participate in a sponsored event for any of the following reasons:

(1) The out-of-state practitioner has failed to comply with any applicable provision of this article, or any applicable practice requirement or regulation of the board.

(2) The out-of-state practitioner has committed an act that would constitute grounds for discipline if done by a licensee of the board.

(3) The board has received a credible complaint indicating that the out-of-state practitioner is unfit to practice at the sponsored event or has otherwise endangered consumers of the practitioner's services.

(b) Notice of Termination. The board shall provide both the sponsoring entity and the out-of-state practitioner with a written notice of the termination, including the basis for the termination. If the written notice is provided during a sponsored event, the board may provide the notice to any representative of the sponsored event on the premises of the event.

(c) Consequences of Termination. An out-of-state practitioner shall immediately cease his or her participation in a sponsored event upon receipt of the written notice of termination.

Termination of authority to participate in a sponsored event shall be deemed a disciplinary measure reportable to the national practitioner data banks. In addition, the board shall provide a copy of the written notice of termination to the licensing authority of each jurisdiction in which the out-of-state practitioner is licensed.

(d) Appeal of Termination. An out-of-state practitioner may appeal the board's decision to terminate an authorization in the manner provided by section 901(j)(2) of the code. The request for an appeal shall be considered a request for an informal hearing under the Administrative Procedure Act.

(e) Informal Conference Option. In addition to requesting a hearing, the out-of-state practitioner may request an informal conference with the executive officer regarding the reasons for the termination of authorization to participate. The executive officer shall, within 30 days from receipt of the request, hold an informal conference with the out-of-state practitioner. At the conclusion of the informal conference, the executive officer may affirm or dismiss the termination of authorization to participate. The executive officer shall state in writing the reasons for his or her action and mail a copy of his or her findings and decision to the out-of-state practitioner within ten days from the date of the informal conference. The out-of-state practitioner does not waive his or her request for a hearing to contest a termination of authorization by requesting an informal conference. If the termination is dismissed after the informal conference, the request for a hearing shall be deemed to be withdrawn.
