CONTINUING COMPETENCY AUDITS

The following are some of the different reasons licensees failed the continuing competency audit:

- Licensee did not respond to audit. After 2 notices of audit were mailed to the licensee no documents or response was received.
- Licensee disclosed no continuing competency courses and/or activities were completed.
- The courses and/or activities were completed outside the renewal period
- The licensee was short on hours
- Continuing competency courses completed were not approved by a PTBC recognized approval agency or by a provider approved by a PTBC recognized approval agency
- Proof of completion of continuing competency courses and/or activities were received after the 30 day period licensees are given to respond to the audit.
