### PRESIDENT'S MESSAGE

**Expanding Communication Opportunities** By Alicia Rabena-Amen, Board President

As the Physical Therapy Board of California (PTBC) continues working to fulfill its mission "to advance and protect the interests of the people of California by the effective administration of the Physical Therapy Practice Act," we also continue to look for opportunities to increase

and improve ways to interact and dialogue with educational programs, licensees, and the public.

Over the past year, PTBC staff have visited more physical therapist (PT) and physical therapist assistant (PTA) programs than ever before. Future applicants have the in-person opportunity to learn about the history of PTBC and the physical therapy profession, hear about laws and regulations, and become familiar with the application process. Most are applying online through BreEZe, which greatly improves the processing and response times. Please let PTBC know if your program would like staff to visit!

There is also an increased effort to reach out to licensees. Hopefully you've received emails announcing upcoming board meetings, and perhaps you've received this newsletter through the same approach. PTBC also had a booth at last September's California Physical Therapy Association conference, where many licensees stopped by to say hello, ask a question, or update their address at the PTBC booth.

In addition to opportunities to interact with the public, PTBC's social media presence (Facebook, Instagram, and Twitter) is a good way to make announcements and share important information with consumers. PTBC's biannual newsletter, *Progress Notes*, is also a good resource for the public and can be found on the home page of PTBC's website.

The best and most meaningful way to collaborate with PTBC is to attend a board meeting. Live administrative hearings take place, legislation discussion is had, and conversation on various topics regarding regulation of the physical therapy profession is abundant. All stakeholders can actively participate during public comment for any agenda item. If you have an item to discuss that is not on the agenda, you can bring that forward to be considered for a future agenda item.

Lastly, I'm happy to announce PTBC's new endeavor of regularly highlighting consumers and the PTs and PTAs who volunteer to serve them. You will see these articles in our newsletters and on social media. PTBC's consumers do great things, and many of our licensees selflessly give their time, talent, and treasure to support them. Thank you to all licensees who generously serve your fellow Californians!

#### Do we have your email address?

Licensees are required to provide the Physical Therapy Board of California (PTBC) with an email address if the licensee has one. Email is an efficient conduit for sharing information between PTBC and its applicants and licensees. PTBC will be able to communicate regarding the status of applications, renewals, and requests for various PTBC services; provide law and regulation updates; and disseminate important PTBC news directly to each applicant and licensee—from the PTBC to your door (or email inbox). It doesn't get much easier! The PTBC hopes this accelerated delivery and exchange of information will decrease processing times in all aspects of the PTBC's programs and facilitate licensees keeping apprised of laws and regulations and PTBC activities. Moreover, with the transition to the BreEZe system, email will be the standard method of communication. You can submit your email address using BreEZe or the Request for Address Change form, which can be downloaded at **www.ptbc.ca.gov/forms/index.shtml**. You may also submit your email address in writing to the PTBC please include your name and license number.

### WATCH FOR US

Board meetings are held throughout California to give the public and licensees the opportunity to attend. Information regarding dates, locations, and agendas for Board meetings are posted on the PTBC website (www.ptbc.ca.gov) at least 10 days prior to the meeting dates.

### STAY CONNECTED

The Physical Therapy Board of California is on Facebook and Twitter. Follow us at:

facebook.com/PTBCnews

twitter.com/PTBCnews

or visit our Website at www.ptbc.ca.gov.

### EXECUTIVE STAFF

President Alicia Rabena-Amen, P.T., DPT

**BOARD MEMBERS** 

Vice President TJ Watkins, MBA

Jesus Dominguez, P.T., Ph.D. Daniel Drummer, P.T., DPT Katarina Eleby, M.A. Tonia McMillian

#### Executive Officer Jason Kaiser

Sarah Conley, Manager Application and License Maintenance Services Programs

Liz Constancio, Manager Administrative Services Program

Elsa Ybarra, Manager Consumer Protection Services Program

From left to right: Board Members TJ Watkins, Public Member; Jesus Dominguez. P.T., Ph.D.; Alicia Rabena-Amen, P.T., DPT; Daniel Drummer, P.T., DPT; Katarina Eleby, Public Member; Tonia McMillian, Public Member; and Jason Kaiser, Executive Officer.

The Board convenes in public meetings to conduct the business of the PTBC, make regulatory and enforcement decisions, and to address other issues within their jurisdiction.

Continuing competency hours may be awarded for attending Board meetings in person to encourage physical therapists and physical therapist assistants to learn more about the issues and operations of the PTBC.

Can't attend a meeting? While you won't receive continuing competency credit, you can still view the meeting actions via webcast. Become a Facebook friend of the PTBC and you'll receive notification and a link to gain access on the meeting day.

### CPTA JAMES MCKILLIP LEADERSHIP AWARD WINNER

#### DR. DANIEL DRUMMER, P.T., DPT

PThe Physical Therapy Board of California (PTBC) congratulates Dr. Daniel Drummer, on receiving the James McKillip Leadership Award. Dr. Drummer received this award at the 2018 California Physical Therapy Association's (CPTA's) Conference in Santa Clara on Sept. 22, 2018, for his professional service with CPTA. Dr. Drummer has been a physical therapist for 24 years and became a board member for the PTBC in October 2014. Dr. Drummer is recognized as an exceptional leader and mentor. Thank you, Dr. Drummer, for your contribution to the profession and to the consumers of California.

### FSBPT OUTSTANDING SERVICE AWARD WINNER

#### DR. ALICIA RABENA-AMEN, P.T., DPT

The Physical Therapy Board of California (PTBC) would also like to congratulate Dr. Alicia Rabena-Amen for receiving the Outstanding Service Award for significant contributions to the Federation of State Boards of Physical Therapy (Federation). As a Federation award recipient, Dr. Rabena-Amen, is being recognized for making a significant contribution to the Federation during the past year through her extensive amount of volunteer work. She was presented this award at the 2018 Awards Luncheon for the Federation on October 27, 2018. Dr. Rabena-Amen became a physical therapist 21 years ago and was appointed by the governor to serve as a PTBC member for the PTBC in March 2014. She is currently serving her second term as Board president. The PTBC appreciates Dr. Rabena-Amen for serving the consumers of California.

### BIDDING A FOND FAREWELL BY REBECCA MARCO, FORMER PTBC EXECUTIVE OFFICER

#### DENNIS ELLINGSON, P.T.

The Physical Therapy Board of California (PTBC) bids Dennis Ellingson, P.T., a fond farewell as he enters his well-deserved retirement. Dennis served as the PTBC's resident expert consultant from March 2005 until January 2019. Dennis was no stranger to the PTBC prior to his employment since he performed consumer complaint case reviews for the PTBC long before his resident position. Dennis also served the PTBC and consumers of physical therapy in consideration of critical consumer issues acting as a subject matter expert on the Physical Therapy Practice Act and the Guidelines for Imposing Discipline and Issuing Citations. His expertise further contributed to the PTBC's newsletter publications, expert consultant training, and the California Law Exam. Dennis' approach to each of his appointed tasks was with a preeminent degree of competence and he never faltered in his obligation to protect consumers of physical therapy. Dennis' presence in the office and at the task force table will be sorely missed.

### DO YOU WANT TO HOST A BOARD MEETING?

#### Who is the Physical Therapy Board of California?

The Physical Therapy Board of California (PTBC) is a government agency within the Department of Consumer Affairs. The PTBC licenses and disciplines physical therapists and physical therapist assistants. The PTBC provides three principal types of consumer services: verifies education and background prior to licensure, provides information about the practice of physical therapy by physical therapists and physical therapist assistants, and investigates complaints against physical therapists and physical therapist assistants.

#### **Board Meetings**

Board meetings are mandated to three per year. Typically, the PTBC conducts four meetings a year in areas of Northern and Southern California. Board meetings are usually two days long and the public is highly encouraged to attend.

#### **Benefits of Hosting a Board Meeting**

- Consumers in the area can be educated on the practice of physical therapy.
- Licensees in the area can attend and receive continuing competency credit while having their voices heard on topics being discussed.
- Students and applicants can attend in between classes and learn how PTBC operates and how decisions are made that affect the profession.
- Name recognition for the hosting location.

#### **Mission of the PTBC**

To advance and protect the interests of the people of California by the effective administration of the Physical Therapy Practice Act.

#### Vision of the PTBC

The standard for consumer protection in physical therapy.

#### Information on Hosting a Board Meeting

Contact: April Beauchamps, Communication and Education Analyst Email: april.beauchamps@dca.ca.gov Phone: (916) 561-8202 For more information on board meetings visit: www.ptbc.ca.gov/about\_us/meetings/index.shtml

### BUDGET PROCESS OVERVIEW

The publications and documents that comprise The Governor's Budget are basically determined by the governor and the director of finance. Although there are certain constitutional and statutory provisions regarding the requirements for the governor's budget, there is sufficient flexibility for an administration to change the format, style, content, and volume structure and still meet the legal requirements.

The Constitution requires the governor to submit a budget to the Legislature by January 10, 2019 which includes an explanatory message and provides a budget for the ensuing year with itemized expenditures and revenues. If proposed expenditures exceed estimated revenues, the governor must recommend the sources for the additional revenues. Government Code sections require that the budget includes a threeyear presentation (past, current, and ensuing years), a uniform coding structure, and a program budget format. Section 13337 states, "The Governor's Budget shall be prepared in accordance with guidelines and instructions adopted by the Department of Finance." (www.dof.ca.gov/budget/ budget\_overview/index.html)

The Physical Therapy Board of California's (PTBC) budget appropriation is developed annually and is subject to legislative approval. The PTBC is funded solely by revenues received from its applicants and licensees through licensing, renewal, endorsements (license verifications), and administrative actions, i.e., citations, cost recovery, and probation monitoring.

In fiscal year 2017–18, PTBC was authorized for \$4,983,000

(governor's budget), which includes personnel services, operating expenses, and equipment. The PTBC is authorized for 21.4 positions and has a current fund reserve level of 5.8 months to sustain ongoing operations. The PTBC allocated \$200,000 to its Architecture Revolving Fund (ARF). The ARF will allow the PTBC to reserve anticipated costs (funds) for construction, alteration, repair, and improvements, including costs incurred with relocating in the near future. The PTBC also migrated to the Department of Consumer Affair's new accounting system, Fi\$Cal.

This new system replaced its legacy accounting systems and budget reporting mechanisms.

According to the Governor's Budget Act (2018–19), PTBC is authorized for \$4,575,000 and projects to fully expend its budget allotment.

### WHAT A BreEZe! BY EURA TRENT

In 2016, the Department of Consumer Affairs (DCA) launched a new online professional licensing services system called BreEZe. This system was created to be a one-stop shop for applicants, licensees, and consumers. Since the debut, close to 78 percent of the combined physical therapist and physical therapist assistant license populations have been using the variety of convenient services offered by BreEZe.

How does using BreEZe benefit you? If you're a new graduate or applying for a license in California for the first time, creating an account in BreEZe is the place to start (www.breeze.ca.gov). You can easily move through the self-guided application anytime, day or night. You have the ability to upload required documents and pay for your application online. You can literally apply for a license using your smart phone.

Utilizing BreEZe online services can save you from the headache of filling out long application forms and eliminates you from spending your day going to a

postal service. Plus, your use of this service aids Physical Therapy Board of California (PTBC) with better processing times of your application.

As a licensee you'll have access to renew your license online by using a credit card or Visa debit card. With just a click of a mouse or tap of your finger tip, license information is updated and available instantly. That's not all; licensees can also change their address, request a license verification or a duplicate license card as needed.

Collectively, we are all consumers. As a consumer, BreEZe provides **DCA License Search**, a free verification service that is maintained by the PTBC and the DCA. All information is updated in real time and available 24/7. You can subscribe to your family practitioner or dentist and know whether his/her license is in good standing.

If you haven't registered already on BreEZe, PTBC encourages you to register today.

### IN SEARCH OF RELIEF

### Study finds early physical therapy is best medicine for low-back pain, reducing opioid prescriptions.

When thinking about the health crisis in the United States, top issues that may come to mind are heart disease, cancer, and obesity. However, another widespread, yet largely unrecognized, health issue is low-back pain.

According to the National Institutes of Health, about 80 percent of U.S. adults will suffer from low-back pain at some point in their lives. Yet, despite its prevalence, the ailment is often ineffectively treated. Plus, the treatments commonly used are contributing to other crises: rising health care costs and opioid addiction, according to medical journal, The Lancet.

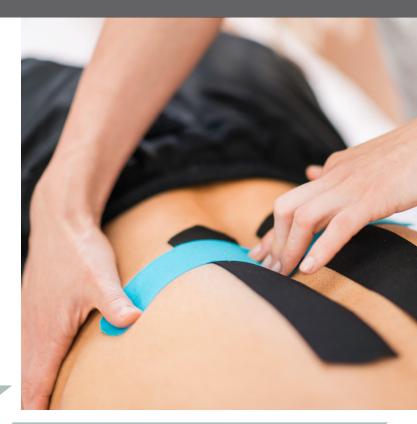

A possible, and more favorable, solution to lowback pain is getting a closer look. A recent study published in the Health Services Research journal, which examined 150,000 insurance claims, found that instead of using the usual go-to treatments, such as painkillers, rest, and X-rays, patients with low-back pain are better off if they first see a physical therapist.

#### **BENEFITS OF PHYSICAL THERAPY**

Lead author of the study Dr. Bianca Frogner, associate professor of family medicine at the University of Washington (UW) School of Medicine and director of the UW Center for Health Workforce Studies, stated in a May 2018 National Public Radio article that physical therapists "are well positioned to provide ideas on exercises, movement, and ways of living to prevent the pain from getting worse—and hopefully from ever coming back, once it's gone."

The study found that patients who went to a physical therapist at the start of their treatment had an 89 percent lower probability of receiving an opioid prescription, a 28 percent lower chance of having an advanced imaging service (e.g., MRIs, CT scans), and a 15 percent lower probability of an emergency room visit. Another plus: patients had much lower out-ofpocket costs.

Patients did have a 19 percent higher chance of hospitalization; however, authors of the study indicated this may not be a negative outcome if physical therapists were appropriately referring their patients to specialized care after pain wasn't eased through physical therapy.

#### LOW-BACK PAIN AND OPIOID CONNECTION

Too often, patients are simply given painkillers as the treatment, and this can lead to further problems.

"Opioid medications that have been prescribed for low-back pain have become a well-recognized gateway to opioid addiction," said Dr. Todd E. Davenport, professor, Doctor of Physical Therapy, and program director at University of the Pacific. He stated that instead, physical therapists can provide evidence-supported low-back pain treatments and an alternative to opioid medications. The treatments can involve customized movement activities, exercises, specialized education about pain, and other nonpharmacologic interventions.

Davenport added that treatment by physical therapists is also readily accessible—in California, they do not need a doctor's referral or prescription to work with patients with low-back pain. However, there may be obstacles to getting physical therapy treatment because of insurance restrictions or lack of insurance, Frogner said.

(continued on page 8)

#### **BEYOND THE PAIN**

As innocuous as low-back pain may sound, for those who suffer from it, it can have significant effects, not only physically but also economically. As stated in a series of March 2018 *The Lancet* articles, low-back pain is the leading worldwide cause of years lost to disability, and consequently, lost years of employment and income.

In addition, the cost and health care use associated with low-back pain is expected to steadily creep up because of an aging population, increased sedentary lifestyles, fragile health care systems, and growing health epidemics such as obesity.

Frogner believes action needs to be taken now to manage this growing public health issue. "Given our findings in light of the national opioid crisis, state policymakers, insurers, and providers may want to review current policies and reduce barriers to early and frequent access to physical therapists as well as to educate patients about the potential benefits of seeing a physical therapist first."

Before you see a physical therapist, be sure to check the license by visiting the Physical Therapy Board of California's website at: **www.ptbc.ca.gov**.

#### **HOW TO KEEP YOUR BACK HEALTHY**

To avoid low-back pain issues in the first place, keep your back as healthy as possible. According to the National Institutes of Neurological Disorders and Stroke (NINDS), speed walking, swimming, or stationary bike-riding for 30 minutes each day can increase muscle strength and flexibility. Other suggestions include yoga to help stretch and strengthen muscles and improve posture.

Here are additional suggestions from NINDS:

- Don't slouch when standing or sitting. The lower back can support a person's weight most easily when curvature is reduced. When standing, keep your weight balanced on your feet.
- At home or work, make sure work surfaces are at a comfortable height.
- Sit in a chair with good lumbar support and proper position and height for the task. Keep shoulders back. Switch sitting positions often and periodically walk around the office or gently stretch muscles to relieve tension.
- Wear comfortable, low-heeled shoes.

- Sleep on your side with knees drawn up in a fetal position, which can help open up the joints in the spine and relieve pressure by reducing the curvature of the spine. Always sleep on a firm surface.
- Don't try to lift objects that are too heavy. Lift from the knees, pull the stomach muscles in, and keep the head down and in line with a straight back.
   When lifting, keep objects close to the body. Do not twist when lifting.
- Maintain proper nutrition and diet to reduce and prevent excessive weight gain, especially weight around the waistline that taxes lower back muscles.
- Quit smoking. Smoking reduces blood flow to the lower spine, which can contribute to spinal disc degeneration. Smoking also increases the risk of osteoporosis and impedes healing. Coughing due to heavy smoking also may cause back pain.

For more information, visit NINDS' website (www.ninds.nih.gov) and read through its "Low Back Pain Fact Sheet."

Before starting any exercise program or diet, be sure to consult a doctor. Check the status of a doctor's license by visiting the Medical Board of California's website (www.mbc.ca.gov) or the Osteopathic Medical Board of California website (www.ombc.ca.gov).

This article was originally published in the fall 2018 edition of DCA's *Consumer Connection* magazine.

### P.T. SPOTLIGHT BY APRIL BEAUCHAMPS

Many times when asked, physical therapists (PTs) will say that the most rewarding aspect of their profession is the ability to help people. They are able to help consumers with various health conditions recover without the need for surgery and/or medications. Many physical therapists use their expertise to go above and beyond by volunteering in their community.

For this newsletter, the Physical Therapy Board of California (PTBC) would like to recognize Erik Nielsen, P.T. Mr. Nielsen has been a physical therapist for nine years and volunteers on his off-time as a board member for an organization called SkateMD. SkateMD is a volunteer nonprofit

organization created in 2014 to give at-risk and specialneeds children the chance to exercise, meet other kids, get empowered, and all while having fun and increasing tolerance. SkateMD provides the children with skateboards and pairs them with skateboarders who volunteer their time to teach the children how to skateboard. As a physical therapist, Mr. Nielsen consults with the families about their child's needs and uses his expertise from his profession to create, as he calls it, a "skateboard plan of care" for the children.

On Jan. 19, 2019 the PTBC staff was able to go out and see one of the many clinics SkateMD puts on throughout the year. We interviewed Mr. Nielsen about his involvement with the SkateMD organization:

How long have you been a physical therapist? "Nine years."

What made you decide to enter the profession of physical therapy? "I was going to junior college looking for a career and I liked learning about the human body. I had a girlfriend at the time and her mom was a physical therapist. I would read some of her journals and it interested me. I also worked at a summer camp for kids with disabilities and that started my passion for working with children."

What is SkateMD? "SkateMD serves kids with special needs and gives kids who may not otherwise have the opportunity to skateboard to do so. It provides a safe, fun, and supportive environment for kids with disabilities to get the opportunity to try skateboarding."

What motivates you to continue to volunteer for

**this organization?** "Seeing the kids and how much fun it is for them. There is a lot of background work, but in

the end, it is worth it and hearing the feedback from the kids and parents makes it worth it."

How do you feel your experience as a physical therapist contributes to the nonprofit? "I call and speak to families and based on the kid's needs, I match them with the volunteers and come up with a skateboard plan of care. At the clinics, I am there to support the volunteer skateboarders with their plan of care for the kid they are skating with."

What was your first clinic memory? "I remember watching it all come together. I didn't really know what was going to happen and when it was done, I remembered thinking, we did it and we can keep doing it."

What has surprised you the most about working with SkateMd? "The kids surprised me the most. Parents always say things at first like their kid won't wear the helmet, or they don't like the noises, etc., but then the kids come in and do it and I am always surprised at how they adapt to this."

How often do you volunteer? "There are eight clinics a year that we run, and the Board meets once a month. I have a lot of different duties, so I am always working on something for SkateMD."

How long have you been volunteering with SkateMD? "Four years ago, since it started in November of 2014."

How long have you been a Board member of **SkateMD?** "I have been a Board member since it started in November of 2014."

**Is it difficult to find the time to volunteer?** "Yes. However, my wife is supportive and helps more at home to give me the time to do the things I need to do for SkateMD. I also work when I can like on my lunch breaks, etc."

What would you say is the most rewarding part of being able to give back like this? "Part of being a physical therapist is helping people, benefiting others, and helping provide a service to the community. Helping kids who may not have a chance to do something like this is the most rewarding part of giving back."

(continued on page 10)

#### Is there an instant that stood out and made you

think, this is why I do what I do? "There are instants that stand out at every clinic. Watching the kids smile, the high fives, and the hugs. All the hard work paid off and now I get to enjoy it."

What do you wish other people knew about SkateMD? "Try and introduce skateboarding to kids that may not otherwise have a chance. We have about 25 kids here seven to eight times a year doing these clinics and some parents and families aren't sure if their kids are going to be able to pull it off or do it, but if you're willing to try we are willing to try. Whatever the disability might be or whatever their needs might be, come bring your kids out and we will give it a shot. As far as the community goes, just letting them know that there are people like us willing to help and work with your kids and asking to get community support as well."

The PTBC would like to thank Erik Nielsen, P.T., for his time and contributions to his community.

If you would like to nominate a PT or PTA that gives back to his/her community, please email April Beauchamps at **april.beauchamps@dca.ca.gov**. Please include a brief summary with your nomination as well as contact information.

### PTBC OUTREACH SERVICES

#### **School Presentations**

- Physical Therapy Board of California
  - History
  - Roles and responsibilities
  - Board members/staff
  - PTBC overview

#### Consumer Protection

- Complaint process
- See something, say something
- How to respond if contacted by PTBC
- Probation
- Maximus

#### Applications

- How to apply for licensure
- Licensees
  - Continuing competency
  - How to renew a license

#### Online Services

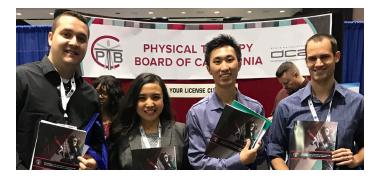

- BreEZe
  - Verify a license, apply online, renew a license, name change, address change, etc.
- PTBC website
- ListServ (Mailing list/interested parties list)
- Social media (Facebook, Twitter, Instagram, YouTube)

#### **PTBC** Presence at Events

- Provide information and one-on-one help with BreEZe services
- Answer licensee, student, applicant, and consumer questions

For more information on outreach or to have PTBC present at your next event, please contact April Beauchamps at **april.beauchamps@dca.ca.gov** or (916) 561-8202.

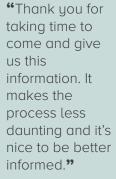

### STUDENT PRESENTATIONS FEEDBACK

"Very informative. Inspired to be more informed and proactive about Physical Therapy practice laws."

"Thank you for explaining all the laws regarding physical therapy! This subject can be confusing, as there are a lot of gray areas." "I sat in on a lecture from Jason at student conclave and this lecture built onto that information. This course information was extremely helpful as an applicant candidate." "The presentation was extremely helpful in making the application process easier. We had some prior exposure to the process and this presentation was much easier to follow."

"Thank you so much for all of the thorough info + for being available to us for further communication via email, phone, etc. Great job presenting info!"

"Thank you for taking the time to speak to our class. This was very informative for a prospective applicant. I think every PT program should hear this presentation." "Very useful presentation & information. I'm very grateful and appreciate the board members coming while we are students. Not sure I would have understood everything they do after I graduated. Thanks so much!"

### PHYSICAL THERAPY-WHO'S WHO IN THE OFFICE BY DAVID LAXTON

If you ever find yourself with a diagnosis that warrants a visit to a physical therapist's (PT's) office for the first time, knowing what to expect can be difficult. After the familiar routine of waiting and filling out paperwork is done, we often find ourselves looking to staff for guidance; and while you can be confident all members of the medical and administrative staff provide important contributions to ensuring you receive the care you need, not all are qualified to provide that care.

#### **YOUR PHYSICAL THERAPIST**

Your PT will be an individual who has been licensed by the Physical Therapy Board of California and is required to wear a name badge displaying his/her name and license title. The PT will evaluate your condition and will be responsible for providing a treatment plan based on the results of the evaluation. At times, that treatment may be provided by the PT directly. At other times they may delegate elements of that treatment plan to physical therapist assistants (PTAs) and physical therapy aides. No matter the situation, remember that any questions you have about your treatment and those that administer that treatment to you, can be answered by your physical therapist.

#### PHYSICAL THERAPIST ASSISTANTS

A PTA is an individual who has been licensed by the Physical Therapy Board of California. A PTA assists a PT and is also required to wear a name badge displaying his/her name and license title. A PTA provides physical therapy care under the supervision of a licensed PT; however, the PT has a continuing responsibility to follow the progress of each patient and is responsible for determining which elements of a treatment plan may be assigned to a PTA. This means that when a PT determines a treatment plan, the PT can delegate aspects of that plan of care to the PTA. Remember, your PT is the primary professional responsible for the treatment you are provided and will be monitoring the care you receive and progress you make.

#### **PHYSICAL THERAPY AIDES**

A physical therapy aide is a person who is not licensed, but regulated by the Physical Therapy Board of California and is also required to wear a name badge displaying their name and working title. Physical therapy aides perform tasks related to patient care and administrative upkeep. It is important to remember that when a physical therapy aide is delegated patient-related tasks, the aide must be under the orders, direction, and immediate supervision of a licensed PT. In this instance, immediate supervision means that prior to initiation of care by the physical therapy aide, the PT must evaluate the patient and then determine those patient-related tasks assigned to the aide. In addition, the PT must be in the same facility as the aide and in immediate proximity to provide immediate advice, instruction, or intervention in care.

#### **ADMINISTRATIVE PERSONNEL**

While the professional staff occupy themselves with providing their services to patients and customers, the administrative staff works to ensure that the facility runs in an efficient manner. Administrative staff may serve in several capacities in an office and are often tasked with helping patients, answering questions related to scheduling and billing, and addressing any other concerns related to your visit. As a courtesy, they may also inform you of your insurance coverage; however, it is legally and financially the responsibility of the patient to be informed of their level of coverage.

#### **OTHER LICENSED PROFESSIONALS**

It's not uncommon to find yourself in an office that employs more than just PTs. Occupational therapists, massage therapists, and certified professional trainers often use the same facilities to offer their unique expertise in care and physical development. Just be sure to inform reception staff that you are there to receive "physical therapy" treatment and you will be referred to the appropriate licensed professional.

By sharing this information, it is the Physical Therapy Board of California's hope that you will feel more confident on your next visit to a PT. Remember, being comfortable asking questions during your appointment will ensure that you get the most out of every visit and is an important step in building a foundation of knowledge that contributes to your care.

Congratulations to our newly licensed physical therapists!

### ADMINISTRATIVE ACTIONS-DISCIPLINE

The Physical Therapy Board of California regulates the profession of physical therapy through the enforcement of the Physical Therapy Act (Act). The following summary indicates administrative actions taken by the Board from July 2018 to December 2018 against licensees for violations of the Act. Although every effort is made to ensure the following details are correct, before you make any decision based on this information, obtain a copy of the action in its entirety, including terms and conditions. You can download the copy through the Department of Consumer Affairs' online DCA License Search tool at https://search.dca.ca.gov.

unprofessional conduct.

### ADMINISTRATIVE ACTIONS—CITATIONS

A Citation and Fine is an administrative action by which the Physical Therapy Board of California may address relatively minor violations of the Physical Therapy Practice Act that would not necessarily warrant discipline in order to protect the public. Citation and Fine orders ARE NOT disciplinary actions but are matters of public record. Citations remain on a licensee's file for five years and are then purged. By law, payment of a fine is considered satisfactory resolution of all violations contained in the citation.

### SUBSTANCE ABUSE REHABILITATION HOTLINE

Physical therapists (PTs) and physical therapist assistants (PTAs) are not immune from the diseases of chemical dependency. Experts estimate that at least 10 percent of the general population will have a problem with alcohol or drugs at some point in their lives. Health care professionals, including PTs and PTAs, may be particularly susceptible to substance abuse problems due to the stresses of working in a health care environment and due to an increased opportunity to obtain controlled substances.

Many PTs and PTAs who experience problems with chemical dependency can find the help and support they need to stay clean and sober without involvement from the Physical Therapy Board of California (PTBC).

Unfortunately, most people suffering from chemical dependency deny the problem. Many times, they are the last to recognize and admit that they need help. If chemical dependency problems are left untreated,

they may eventually jeopardize patient health and safety. They can also threaten the life of the person afflicted.

In these cases, it becomes imperative that individuals who detect a chemical dependency health problem in a PT or PTA take action. Without intervention, diseases have predictable courses and outcomes. The PTBC's Substance Abuse Rehabilitation Program aims to identify symptoms, intervene, and change the outcomes.

The Substance Abuse Rehabilitation Program also provides an effective alternative to the traditional disciplinary process.

The PTBC has a voluntary and confidential program to help licensees overcome the disease of addition. Call Maximus Inc. at (800) 522-9198. For more information regarding Maximus, refer to the PTBC's website at www.ptbc.ca.gov/licensees/diversion.shtml.
