PRESIDENT'S MESSAGE

President Tonia McMillian

As the Board President, I am responsible for ensuring that the Physical Therapy Board of California (PTBC) is on the right track to achieve its goals. One of the most important tools at my disposal is strategic planning. Strategic planning is the process of defining an organization's direction and making decisions on allocating its resources to pursue this direction. It is a critical tool for any organization that wants to achieve its goals and objectives. I am pleased to announce that we have launched a new strategic plan for PTBC. This plan is the result of extensive research, consultation, and collaboration with our

(continued on page 2)

(President's Message, continued from page 1)

stakeholders, partners, and staff. It outlines our mission, vision, values, goals, and objectives for the next five years.

The strategic plan is important for several reasons. First, it helps to ensure that everyone in PTBC is working towards the same goals. By defining PTBC's direction, strategic planning creates a shared vision that everyone can work toward. This helps to ensure that everyone is working toward the same goals and objectives, which can help to improve efficiency and productivity. It helps us align our activities and resources with our priorities and expectations.

Second, strategic planning helps to identify potential problems before they arise. By analyzing PTBC's strengths, weaknesses, opportunities, and threats, strategic planning can help to identify potential problems and challenges that PTBC may face. This can help the us to prepare for these challenges and develop strategies to overcome them.

Finally, it enables us to measure our progress and impact. It defines key performance indicators and targets that we can track and evaluate regularly. By allocating resources to the areas that are most important to PTBC's goals, strategic planning can help to ensure that PTBC is using its resources effectively and efficiently. It fosters a culture of continuous improvement and innovation and encourages us to seek feedback, learn from best practices, and adapt to changing circumstances.

The strategic plan is not a static document. It is a living document that will be reviewed and updated periodically to reflect our changing needs and opportunities. We welcome your input and feedback on PTBC's plan as we implement it. We believe that together we can achieve great things for PTBC and the consumers we serve and protect.

DO WE HAVE YOUR EMAIL ADDRESS?

Licensees are required to provide PTBC with an email address if the licensee has one. Email is an efficient conduit for sharing information between PTBC and its applicants and licensees. PTBC will be able to communicate regarding the status of applications, renewals, and requests for various PTBC services; provide law and regulation updates; and disseminate important PTBC news directly to each applicant and licensee—from PTBC to your door (or email inbox). It doesn't get much easier! PTBC hopes this accelerated delivery and exchange of information will decrease

processing times in all aspects of PTBC's programs and facilitate licensees

keeping apprised of laws and regulations and PTBC activities. Moreover, with the transition to the BREEZE system, email will be the standard method of communication. You can submit/update your email address using BREEZE or submit your address change with BREEZE. You may also submit your email address in writing to PTBC—please include your name and license number.

WATCH FOR US

Board meetings are held throughout California to give the public and licensees the opportunity to attend. Information regarding dates, locations, and agendas for Board meetings are posted on the PTBC website (www.ptbc.ca.gov) at least 10 days prior to the meeting dates.

The board convenes in public meetings to conduct the business of PTBC, make regulatory and enforcement decisions, and to address other issues within their jurisdiction.

Continuing competency hours may be awarded for attending board meetings in person to encourage

physical therapists and physical therapist assistants to learn more about the issues and operations of PTBC.

Can't attend a meeting? While you won't receive continuing competency credit, you can still view the meeting actions via webcast. Become a Facebook friend of PTBC and you'll receive notification and a link to gain access on the meeting day.

DO YOU WANT TO HOST A BOARD MEETING?

Who is the Physical Therapy Board of California?

The Physical Therapy Board of California (PTBC) is a government agency within the California Department of Consumer Affairs. PTBC licenses and disciplines physical therapists and physical therapist assistants. PTBC provides three principal types of consumer services: verifies education and background prior to licensure, provides information about the practice of physical therapy by physical therapists and physical therapist assistants, and investigates complaints against physical therapists and physical therapist assistants.

Board Meetings

Board meetings are mandated to three board meetings a year. Typically, PTBC conducts four meetings a year in the areas of Northern and Southern California. Board meetings are usually two days long and the public is highly encouraged to attend.

Benefits of Hosting a Board Meeting

- Consumers in the area can be educated on the practice of physical therapy.
- Licensees in the area can attend and receive continuing competency credit while having their voice heard on topics being discussed.
- Students and applicants can attend in between classes and learn how PTBC operates and how decisions are made that affect the profession.
- Name recognition for the hosting location.

Mission

To advance and protect the interests of the people of California by the effective administration of the Physical Therapy Practice Act.

Vision

The standard for consumer protection in physical therapy.

FAREWELL TO DR. DANIEL DRUMMER by Kim Rozakis

PTBC would like to thank Dr. Daniel Drummer, PT, DPT, of San Francisco for his contributions to the board and the consumers of California. Dr. Drummer served as a PTBC board member for PTBC from 2014–2023. Dr. Drummer received the James B. McKillip Leadership Award in 2015 from California Physical Therapy Association (CPTA). On behalf of PTBC board members and staff, we thank Dr. Drummer for his hard work, dedication, and service over the years!

BOARD MEMBER SPOTLIGHT—KAREN BRANDON

PTBC would like to welcome one of our newest board members, Dr. Karen Brandon. Dr. Brandon was appointed to serve on the board on January 25, 2023 by Governor Gavin Newsom. We are so excited to have Dr. Brandon on the board and thought we would ask her a few questions to get to know her a little better.

Q: What is your favorite color?

Green—almost all greens except lime and olive.

Q: What are your hobbies?

Singing, cooking with family, planning surprise parties.

Q: Do you like sports, if so, what are your favorite teams?

If I am following the season I root for the Lakers, Niners, Dodgers, and—yes—the Leafs.

Q: What is your favorite food?

Hard call—it could be an excellent sushi handroll, handmade ravioli, or my son's fish tacos.

Q: What is your favorite animal and why?

Hummingbird: incredibly industrious, agile, have big brains, and are beautiful all at the same time.

Q: What is your favorite dessert?

Gelato/frozen custard or, if I can get it, Jamaican black (rum) cake with royal icing.

Q: When you were a child, what did you want to be when you grew up?

TV anchorwoman.

Q: What college/colleges did you attend?

Oakwood College in Huntsville, Alabama, and La Sierra University in Riverside.

Q: What made you decide to become a physical therapist?

I did my undergraduate studies in psychology and realized I wanted to learn more about the integration of mind/body connections. Physical therapy gave me the perfect avenue to specialize in understanding body systems to restore them to optimal function. The big plus is, as physical therapists, we get to be a positive and essential part of an individual's healing journey.

Q: What is your favorite thing about being a physical therapist?

There are two things I love. The first is educating patients on how their body actually works and seeing them improve their own conditions. The second is problem-solving a difficult case with a team of experts. I love it when a plan comes together.

Q: What drew you to wanting to serve on the Physical Therapy Board of California?

I am very proud to work in the field of rehabilitation. I have traveled internationally to teach physical therapy in different countries, and it is important that we have a structured system that supports a foundation of expectation of this practice. I realize that not everyone understands what we do or the role we play in the health care community. I wanted to be a part of representing and determining what the essential requirements of physical therapy services are and that they are applied with integrity for every person who needs them in our state.

Q: What do you hope to bring to the PTBC as a board member?

I am excited to bring the perspective of those like myself who have worked in various environments from skilled nursing facilities to private practice, large medical centers, and academics. I also want to contribute knowledge about growing specialty areas such as pelvic health physical therapy. Most importantly, I keep in mind that my family members—like so many other Californians—are recipients of physical therapy in various settings and with different conditions. They rely on our work at PTBC to maintain the safety and quality of this care.

HOW CONVICTIONS AFFECT YOUR LICENSE OR APPLICATION by David Laxton

It can be stressful to find yourself in a situation where you are being charged with a crime, even more so when a criminal conviction has the potential to adversely affect your ability to obtain or maintain a professional license. To help you navigate the road ahead, PTBC wants to educate our licensees and licensure applicants about how and why a criminal conviction—whether old or new—could impact you.

We are often asked why criminal convictions that do not involve patient care and occur outside the professional environment (or, in an applicant's case, before they are even licensed) are considered substantially related to the practice of physical therapy. The answer lies in California's laws, regulations, and community standards, which demand that physical therapists and physical therapist assistants exhibit characteristics and actions that demonstrate prudence and good judgement. It is these criteria that the PTBC measures your actions against when reviewing a criminal conviction as it demonstrates a lack of good judgement and a lack of respect for the rule of law. We understand that there are many factors involved when an arrest and conviction occur, and, similar to the justice system, the severity of the offense will be one of the many factors PTBC considers in determining appropriate disciplinary action to ensure consumer protection.

For those applying to be licensed as a physical therapist or physical therapist assistant, PTBC conducts a background check with the Department of Justice and Federal Bureau of Investigation via fingerprinting to determine if an applicant has any prior criminal convictions. Depending on the results of the background check, PTBC will collect arrest records and court documents, and may request the applicant provide a written summary of the circumstances surrounding the arrest. The Board may also conduct further investigation through the Department of Consumer Affairs' Division of Investigation (DOI). Upon final review of the information requested, PTBC may issue an unrestricted license or a restricted license with terms and conditions, or the application may be denied.

For our currently licensed physical therapist and physical therapist assistant population, arrests and convictions follow the same administrative process. PTBC will request arrest records, court documents, and an explanation from the licensee. Depending on the severity of the charges on which the licensee was convicted, additional investigation may occur utilizing DOI. Action taken against a licensee resulting from a conviction can range from administrative citations and fines to more serious discipline that may include permanent letters of reprimand or reproof, probation with practice restrictions including substance abuse rehabilitation programs where applicable, license suspension, or license revocation. It's important to remember that, though administrative citations are not considered formal discipline, they are subject to public disclosure for a period of five years, while disciplinary actions are permanently subject to disclosure.

As always, it is not the intent of PTBC to be punitive, and, while we understand that our investigation and possible action against a license or application may add to an already stressful situation, we do so with the safety of the public in mind. As the entity statutorily charged with the enforcement of the Physical Therapy Practice Act, Business and Professions Code section 2602.1 states it best: "Protection of the public shall be the highest priority of the Physical Therapy Board of California in exercising its licensing, regulatory, and disciplinary functions. Whenever the protection of the public is inconsistent with other interests sought to be promoted, the protection of the public shall be paramount."

CC Requirements Explained—First Renewal Period and Following Renewals

All physical therapists and physical therapist assistants are required to complete continuing competency hours prior to renewing their license. To review the full text of the Continuing Competency Regulations, visit [sections 1399.90-1399.99 of title 16 of the California Code of Regulations](#). For first-time licensees, the first-time renewal period may be a little different. See below for the continuing competency requirements for the first-time renewal cycle.

It hasn't been two years since my first PT or PTA license was issued. Why do I need to renew already?

A licensee's first license period may be between 13 and 24 months/two years. A license period cannot be more than two years. License expiration is based on the licensee's birth month, and expiration is always the last day of the birth month. License issuance occurs upon fulfilling requirements for licensure. Because license expiration is based on the licensee's birth month, and license issuance can occur within any month, the first license period may be less than two years.

EXAMPLE	
Licensee's birth month: June License expiration date: June 30 1st license issue date: December 15, 2022 1st license period: December 15, 2022—June 30, 2024 (18 months)	
BREAK IT DOWN	
December 15, 2022—December 15, 2023 (1 year) December 15, 2023—June 30, 2024 (6 months) TOTAL = 18 months	
WHY NOT... ?	
 SCENARIO 1 December 15, 2022— December 15, 2023 (1 year) December 15, 2023— December 15, 2024 (1 year) TOTAL = 2 years	 SCENARIO 2 December 15, 2022— December 15, 2023 (1 year) December 15, 2023— June 30, 2025 (18 months) TOTAL = 2.5 years

(continued on page 9)

So, my first PT or PTA license period is less than two years. Am I still required to complete 30 continuing competency hours to renew?

Maybe. It depends on when you renew.

For a licensee's first renewal submitted on time on or before the license expiration date, 15 continuing competency hours are required as follows:

- **Two hours** in ethics, laws, regulations, or some combination thereof.
- **Four hours** for basic life support for health care professionals course.
- **Nine hours** from a PTBC-approved provider or alternate pathway activities.

If a licensee renewing for the first time renews late after the license expiration date (remember: you cannot practice with a delinquent license), 30 continuing competency hours are required as follows:

- **Two hours** in ethics, laws, regulations, or some combination thereof.
- **Four hours** of basic life support for health care professionals course.
- **24 hours** from a PTBC-approved provider or alternate pathway activities.

Make sure to submit your first renewal (and all the other renewals) on time!

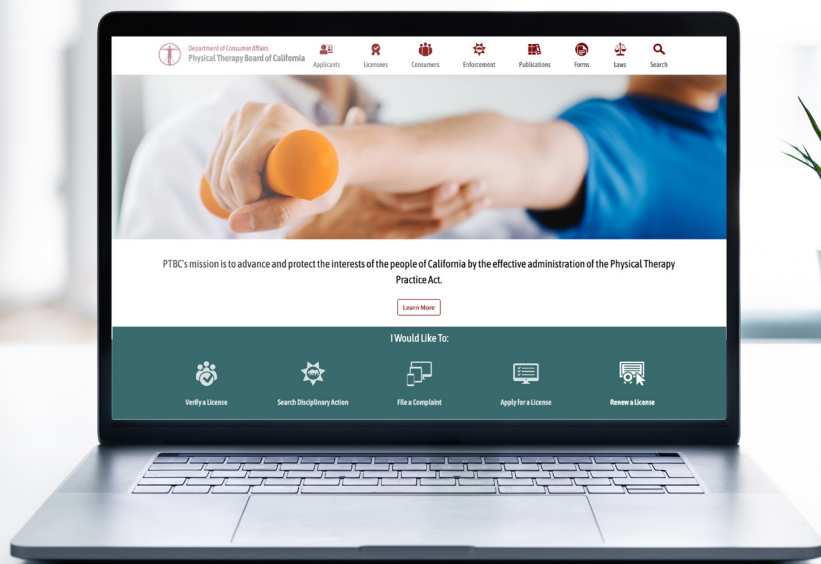

For all subsequent license renewals, 30 continuing competency hours are required.

BUDGET OVERVIEW

PTBC licenses and regulates physical therapists, physical therapist assistants, and the practice of electroneuromyography and kinesiological electromyography performed by physical therapists.

The PTBC Fund is constituted as a Special Fund Revenue within the State Treasury. The PTBC Fund is comprised of all monies collected from applicants and licensees through licensing, renewal, endorsements (license verifications) and administrative actions, i.e., citations, cost recovery, and probation monitoring. The PTBC's funds are reserved to pay for all salaries and all other operating expenses and equipment to sustain program operations. The PTBC budget appropriation is developed annually and is subject to legislative approval and may be increased through the Budget Change Proposal (BCP) process. The BCP process allows the PTBC to justify the need to increase its annual budget appropriation necessarily to support program operations effectively and efficiently.

What's next ... for Fiscal Year 2023-24

The Board will operate on the Governor's 2023-24 proposed budget of \$7,253,000.

The Board will continue its efforts to improve program efficiencies.

The Board will monitor and assess workload and redirect resources to address deficient areas on a rotational basis.

LESS IS MORE

**Less paper, less time,
less room for error; more
efficient, better service,
greater access!**

PTBC HAS ELIMINATED THE POCKET LICENSE

The Physical Therapy Board of California (PTBC) has made license verification more effective and efficient for consumers and licensees. Effective July 2020, the PTBC will no longer issue pocket licenses upon initial licensure or renewal. Pocket licenses may not reflect a licensee's current status as it may change

within the 2-year license period, and they do not display enforcement action taken against a license, if any. Current license status and enforcement action information is available on the California Department of Consumer Affairs (DCA) [License Search, an online license verification system](#). Consumers, employers, or any interested party can access license information online 24 hours a day, seven days a week. You can access the DCA License Search system on the home page of the PTBC website at www.ptbc.ca.gov.

SUBSTANCE ABUSE REHABILITATION HOTLINE

Physical therapists (PT) and physical therapist assistants (PTA) are not immune from the diseases of chemical dependency. Experts estimate that at least 10% of the general population will have a problem with alcohol or drugs at some point in their lives. Health care professionals, including PTs and PTAs, may be particularly susceptible to substance abuse problems due to the stresses of working in a health care environment and due to an increased opportunity to obtain controlled substances.

Many PTs and PTAs who experience problems with chemical dependency can find the help and support they need to stay clean and sober without involvement from PTBC.

Unfortunately, most people suffering from chemical dependency deny the problem. Many times, they are the last to recognize and admit that they need help.

If chemical dependency problems are left untreated, they may eventually jeopardize patient health and safety. They can also threaten the life of the person afflicted.

In these cases, it becomes imperative that individuals who detect a chemical dependency health problem in a PT or PTA take action. Without intervention, diseases have predictable courses and outcomes. The PTBC's Substance Abuse Rehabilitation Program aims to identify symptoms, intervene, and change the outcomes.

The Substance Abuse Rehabilitation Program also provides an effective alternative to the traditional disciplinary process.

PTBC has a voluntary and confidential program to help licensees overcome the disease of addiction. Call Maximus Inc. at (800) 522-9198. For more information regarding Maximus, refer to PTBC's [website](#).

PROGRAM SPOTLIGHT: CALIFORNIA STATE UNIVERSITY, SACRAMENTO

SACRAMENTO STATE

California State University, Sacramento (CSUS) was initially accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE) in 1997. Since then, PTBC has licensed 713 CSUS graduates. For the years 2020–2022, CSUS on average has a first-time

licensure pass rate of 92%, ultimate pass rate of 97%, a graduation rate of 100%, and an employment rate of 100%.

PTBC is invited every year to CSUS to provide a four-day workshop that is spread out over four weeks. PTBC provides a lecture on the first day going in depth into some of the laws and regulations that govern the Physical Therapy Practice Act. PTBC staff also go into the history of physical therapy and the roles and responsibilities of board members and PTBC staff. Staff explain the differences between PTBC's mandate of consumer protection and other organizations, such as the California Physical Therapy Association (CPTA), that play a role in the profession of physical therapy.

Over the following three weeks, PTBC staff visit the same CSUS class one day a week, and each student provides a presentation to the class and Board staff on a law or regulation that they are assigned to. After each presentation, there is a Q&A on the law or regulation presented. This gives the students an opportunity to ask staff questions to gain a better understanding of that specific law or regulation. There is usually at least one PTBC staff member from the Licensing Unit and the Enforcement Unit who attend along with PTBC's leadership.

PTBC would like to thank CSUS for continuing to invite staff back every year for this four-week workshop. We look forward to these presentations every year and meeting each new cohort.

HAS PTBC BEEN TO YOUR SCHOOL?

The Physical Therapy Board of California (PTBC) has met its original goal from its 2018–2022 Strategic Plan to visit all (32 at the time) PT and PTA programs in California. As the physical therapy profession grows, so does the number of programs. Today, there are 18 PT and 24 PTA programs in California, with three new PTA programs in development. PTBC continues to provide outreach to the previous and newly accredited PT and PTA programs. These maps show all current PT and PTA programs in California and all the programs we have visited. Has PTBC been to your school yet?

For more information on school presentations, and to have PTBC visit your school either in person or virtually, please contact April Beauchamps at april.beauchamps@dca.ca.gov or (916) 561-8202.

STUDENT PRESENTATIONS FEEDBACK

"Valerie did a great job answering all my concerns and questions regarding the licensing application steps and requirements. Grateful for the presentation!"

"I was especially grateful for their willingness to share the presentation PowerPoints with our class for future reference. There was so much good information."

"This presentation was extremely informative. I did not know that there were so many steps to apply for my license. I am grateful that I will be able to reference this information later so that I don't miss any steps."

"Great presentation, very informative and educational."

"Very good job presenting a confusing topic matter. I appreciate your thoroughness in answering our questions."

"Thanks for coming over! Had a lot of good questions heard/answered concisely."

"Very informative and helpful information. Thanks for your time!"

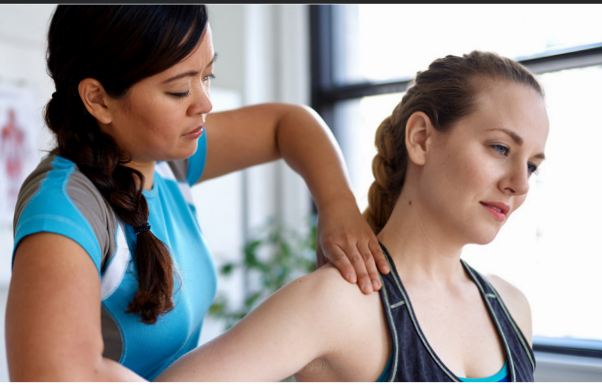

"Informative meeting especially for future new grads like myself!"

"I am so glad to be introduced to the information at this point in my education! Close enough to testing to be relevant, with enough time to be prepared."

Glossary of Terms

Accusations: Charges filed against a licensee alleging violation(s) of the Physical Therapy Practice Act.

Interim Suspension Order: An Order issued upon petition, suspending a licensee from all or specified part of their practice of, or assisting in the provision of, physical therapy.

Petition to Revoke Probation: Charges filed against a probationer seeking revocation of their physical therapy or physical therapy assistant license based upon violation(s) of probation.

Probationary License: Where good cause exists to deny a license, the licensing agency has the option to issue a conditional license subject to probationary terms and conditions.

Public Letter of Reprimand: In lieu of filing a formal accusation, the Board may, pursuant to B & P Code section 2660.3, upon stipulation or agreement by the licensee, issue a public letter of reprimand. If the licensee does not agree to the issuance of the letter, the Board shall not issue the letter and may proceed to file a formal accusation. A public letter of reprimand is considered disciplinary action.

Statement of Issues Filed: Charges filed against an applicant due to alleged violation(s) of the Physical Therapy Practice Act. If found to be true, the charges may result in discipline.

Surrender of License: The licensee surrenders their license to the Board, subject to acceptance of the surrendered license by the Board, and the licensee is prohibited from engaging in the practice, or assisting in the provision, of physical therapy.

Stipulated Decision: Negotiated settlements waiving court appeals.

ADMINISTRATIVE ACTIONS—DISCIPLINE

A Citation and Fine is an administrative action by which the Physical Therapy Board of California may address relatively minor violations of the Physical Therapy Practice Act that would not necessarily warrant discipline in order to protect the public.

Citation and fine Orders are not disciplinary actions but are matters of public record. Citations remain on a licensee's file for five years and are then purged. By law, payment of a fine is considered satisfactory resolution of all violations contained in the citation.
