For the sake of clarity, the meeting minutes are organized in numerical order to reflect their original order on the agenda; however, issues were taken out of order during the meeting.

1. Call to Order and Roll Call

The Physical Therapy Board of California (Board) meeting was called to order by Dr. Alviso at 8:30 a.m. All members were present and a quorum was established. Also present at the meeting were Laura Freedman, Legal Counsel; Jason Kaiser, Executive Officer; Elsa Ybarra, Consumer Protection Services Manager; Liz Constancio, Administrative Services/Application and Licensing Services Manager; and, Sarah Conley, Executive Associate Analyst.

2. Special Order of Business – November 6, 2013  8:30 a.m.

Hearing on Petition for Modification of Probation – Elizabeth Oberholtzer, PT
Hearing on Petition for Modification of Probation – David Dallmeyer, PT

After submission of the matters, the Board convened in CLOSED SESSION to deliberate pursuant to Government Code section 11126(c)(3).

Once issued, disciplinary decisions may be found on the Board’s website at www.ptbc.ca.gov.

3. Closed Session

(A) Pursuant to Government Code section 11126(c)(3)
Deliberation on Disciplinary Actions

Once issued, disciplinary decisions may be found on the Board’s website at www.ptbc.ca.gov.

(B) Pursuant to Government Code section 11126(c)(1)
Matters Relating to Examinations

(C) Pursuant to Government Code section 11126(e)
US Equal Employment Opportunity Commission (EEOC) Charge
4. Approval of August 7 & 8, 2013 Meeting Minutes – Sarah Conley

The Board identified minor amendments to the minutes.

MOTION: To adopt the draft August 7 & 8, 2013 meeting minutes as amended.

MOVED: Dr. Jewell

SECONED: Mr. Turner

VOTE: 4-0, 2 abstained. Motion carried.

5. Consumer and Professional Associations and Intergovernmental Relations Reports

(A) Federation of State Boards of Physical Therapy (FSBPT)

Dr. Alviso and Mr. Kaiser reported on four noteworthy motions from the FSBPT Annual Meeting and Delegate Assembly: 1) establishing a lifetime limit of six attempts at passing the NPTE; 2) establishing a low score policy to ensure that candidates with two failing scores at or below 400 will not be allowed to sit again for the NPTE; 3) instituting a requirement that prior to sitting for the NPTE, graduates of non-CAPTE accredited schools meet the standards of the FSBPT’s most recent Coursework Tool (CWT); and, 4) instituting a requirement that prior to sitting for the NPTE, non-exempt candidates, as defined by the U.S. Citizen and Immigration Services (USCIS) in USCIS Code of Federal Regulation section 212.15, will demonstrate English language proficiency by meeting the most recent Test of English as a Foreign Language (TOEFL) score requirements as defined by the FSBPT.

Mr. Kaiser explained that, in the Practice Act effective January 1, 2014, applicants that completed a physical therapy program outside the U.S. and not approved by the Board will be required to provide a passing TOEFL exam score to the Board as part of the application process.

In regards to the motions relating to the exam, Ms. Freedman advised that Business and Professions Code section 135 prohibits licensing agencies from having any involvement with licensing examinations beyond administration of the exam; therefore, the FSBPT motions could potentially conflict with California law if there are no alternatives. Dr. Jewell questioned whether other healing arts boards have encountered an issue like this with their exams. Mr. Kaiser explained that Medical Board and Pharmacy Board have examination attempt limits, as specified in their practice acts; therefore, it would take a legislative change to the Physical Therapy Practice Act to implement exam attempt limits pursuant to the FSBPT’s motions in California.
(B) Department of Consumer Affairs (DCA) – Christine Lally

Corrine Fishman with DCA Board and Bureau Relations introduced herself and indicated she had nothing to report on behalf of DCA.

(C) California Physical Therapy Association (CPTA)

Stacy DeFoe, Director, CPTA, thanked the Board and Ms. Freedman for providing clarification regarding physical therapists’ involvement with medication regimen reviews.

Ms. DeFoe questioned the Board’s progress on the Minimum Data Set (MDS) information collection effort that was discussed at the August meeting. Ms. Freedman explained the Board, although it may facilitate the data collection, cannot be the custodian of the data as there may be the appearance of impropriety in issuing licenses and imposing discipline.

6. President’s Report – Dr. Debra Alviso

Dr. Alviso reported on the outcome of the Wellness Symposium. Dr. Alviso noted the materials that were considered in the discussion and the issues that were identified during the discussion, which were: 1) the difficulty of defining patient vs. client/customer, 2) the difficulty in differentiating treatment from health/wellness, 3) public protection and public perception of physical therapy, and 4) the negative impact of unintended overregulation.

Dr. Alviso explained that, after careful and thorough review and discussion, the group resolved the following:

- Both traditional treatment and Wellness are "Physical Therapy" under current law;
- The laws of Physical Therapy apply to treatment and Wellness;
- Some aspects of the requirement for a diagnosis will change with the enacting of AB 1000;
- It appears current regulation (supervision, documentation) was designed for application to traditional physical therapy treatment;
- This level of required documentation and supervision may not be necessary across the broad spectrum of physical therapy services which now include Wellness, etc.
- Physical therapy services are on a continuum rather than a clear cut delineation between patient/client and treatment/Wellness;
- In concert with professional judgment, there are factors which influence where on the continuum a specific physical therapy service lies;
- There may be a way to define the exceptions to the current regulatory requirements, which may be a very small, low risk of public protection scenario; and,
- There may also be a way to provide guidance through regulation for the Board and
the profession to use in determining the standard of documentation and supervision that applies in individual practice decisions.

Also, the group discussed the continuum of physical therapy care, which took into account the follow:

- Communication with public
- Consumer/patient needs
- Safety of service provide
- Intervention implemented and outcome
- Defensibility of service provided
- Setting in which service is provided

Dr. Takii, Ms. DeFoe and Nancy Byl, PT, also participated in the Symposium and they all shared it was a positive experience and were grateful for the opportunity.

Ms. Wallisch questioned whether the FSBPT would be able to provide some direction on the issue. Dr. Alviso responded that nationally Wellness lacks clear definition; however, the FSBPT was able to provide information from other states that have attempted to address the issue.

(A) Proposed 2014 Meeting Calendar

The Board reviewed the proposed 2014 meeting calendar and made the following changes:

Move the May 2014 meeting to the 14th and 15
Move the August 2014 meeting to the 20th and 21st

MOTION: To adopt the proposed 2014 meeting calendar as amended.

MOVED: Ms. Eleby
SECOND: Dr. Takii
VOTE: 6-0 Motion carried

7. Executive Officer's Report – Jason Kaiser

Mr. Kaiser elaborated on specific items from his report and provided updates since the submission of the report. BreEZe Release 1 boards have “gone live.” DCA is monitoring the progress of implementation of BreEZe for Release 1 boards, and making changes as necessary to address issues and improve the system, which will be a benefit for the Release 2 and 3 boards. The Board is in Release 2. The Board has been working with the DCA to
ensure that all aspects of the Board’s website are ADA compliant; an example of this will be provided in the Continuing Competency report.

The FSBPT released the fixed-date testing scheduled for 2014 and 2015. To meet the FSBPT deadlines, the Board has established application deadlines which have been posted to the Board’s website. Also, as noted in his report, Mr. Kaiser informed the Board the DCA’s Consumer Information Center (CIC) may be used to field routine calls to mitigate the staff’s workload in Application and Licensing Services.

Mr. Kaiser reported that one of the four staff vacancies identified in his report has been filled. One of the three remaining vacancies is in the Administration Services program; Korey Landry, the Board’s Outreach Coordinator and Personnel Liaison will be leaving the Board later this month. In the CPS program, existing staff that held temporary positions were recently appointed to permanent positions. The Continuing Competency program remains steady with a 14-month backlog, which is commendable given that the one analyst in the program is now splitting time between continuing competency duties and application/licensing duties.

Finally, the Board can commence travel again with the new fiscal year.

8. Legislation Report – Sarah Conley

Ms. Conley provided a brief explanation of each chaptered bill and how it may impact the Board, consumers, and/or the profession; for all noted bills, the statutes will take effect January 1, 2014.

(A) AB 258 (Chávez) State Agencies: Veterans

AB 258 requires the Board to use a specific format when asking on any form whether an individual has served in the U.S. military. This format will be integrated into BreEZe.

(B) AB 1000 (Wieckowski) Physical Therapists: Direct Access to Services

AB 1000 allows individuals to directly access physical therapy treatment for no more than 45 days or 12 visits, whichever occurs first. AB 1000 also allows professionals to be employed by other professionals without restriction; added physical therapy corporations to the list of exemptions specifying who may shareholder, officers, or directors; and, included physical therapists to the list of who may be shareholders, officers, or directors, as specified, of medical corporations.

Dr. Lowe presented a potential scenario based on the passage of AB 1000 and questioned the Board’s position. Mr. Kaiser responded that questions such as these must be determined on a case-by-case basis through an investigation; without knowing all aspects of a particular situation, the Board cannot determine whether a certain practice is acceptable. In addition, if
the Board were to address an issue uniformly for all licensees, it would have to put it in
regulation.

Ms. DeFoe requested the Board include an article in the newsletter addressing the Board’s
broad view of addressing questions related to wellness and AB 1000, including the
professional judgment, community standards, and defensibility factors.

(C) AB 1057 (Medina) Professions and Vocations: Licenses: Military Service

AB1057 requires the Board, commencing January 1, 2015, to inquire on the application for
licensure whether an applicant has served in the military. This component of the application
will be integrated into BreEZe.

(D) SB 198 (Lieu) Physical Therapy Board of California

SB 198 makes changes and reorganizes various provisions throughout the Physical Therapy
Practice Act. Staff is currently working on developing information to disseminate to the public
regarding the changes. Staff will then begin the review process to determine whether
regulations are necessary based upon the changes in the Act.

(E) SB 304 (Lieu) Healing Arts: Boards

SB 304 extends the sunset date for various boards, and specifically, adds the Board to the
 provision which sets forth that the Board’s cases are investigated and prosecuted by Attorney
Generals in the Health Quality Enforcement Section of the Department of Justice.

(F) Other bills affecting the Board identified by staff after publication of the
agenda (Information only)

Ms. Conley indicated there were no other significant bills to report on at this time.

Ms. Conley provided an update of each rulemaking item identified on the 2014 Rulemaking
Calendar as noted below. Ms. Ybarra presented the Guidelines for Issuing Citations and
Imposing Discipline, and Uniform Standards Regarding Substance-Abusing Healing Arts
Licensees.

(A) Guidelines for Issuing Citations and Imposing Discipline, and Uniform
Standards Regarding Substance-Abusing Healing Arts Licensees

Ms. Ybarra presented the Board with the Guidelines for Issuing Citations and Imposing
Discipline (Guidelines) as amended at the August meeting and which included some additional
amendments as recommended by legal counsel. The new amendments were to ensure the
Board included all of the Uniform Standards Regarding Substance-Abusing Healing Arts
Licensees (Uniform Standards) in the Guidelines. The Board reviewed the Guidelines and made the following changes (underline indicates added text and strikeout indicates deleted text):

**Page 51, Term 3**

[...] recovery at least ninety [...].

**Page 55, Term 20**

Passing of the examination [...].

**Page 57, Term A**

The purpose of this condition is to allow Respondent [...].

**Page 63, Term O**

[...] satisfactory completion of the coursework, within 180 days, Respondent [...].

Ms. Ybarra informed the Board that additional revisions to the Guidelines will be necessary with the passage of SB 198; therefore, she recommended the Board allow staff to make those changes and bring them back before the Board for consideration before a 15-day notice is issued. The rulemaking file was noticed on June 21, 2013, which allows staff and the Board time to make the changes to the Guidelines without having to do another rulemaking package if the Board approves the language no later than the February meeting.

The Board concurred with Ms. Ybarra’s recommendation.

**MOTION:** To approve existing changes and those made at this meeting; direct staff to make changes based on SB 198, send version with SB 198 changes to Ms. Wallisch and Dr. Jewell for feedback, and schedule a teleconference to re-consider the Guidelines version reflecting the SB 198 changes.

**MOVED:** Dr. Alviso

**SECOND:** Dr. Takii

**VOTE:** 6-0 Motion carried

**B) Required Email Filing**

Ms. Conley informed the Board the file was approved by the Office of Administrative Law (OAL); therefore, the regulation will take effect January 1, 2014.
1. Update of Regulations

2. Physical Therapy Business Requirements

3. Continuing Competency

4. Delegation Authority for Citation Informal Conferences

5. Telehealth

Ms. Conley noted there was no update on items 9(C-G), with the exception of (F). Since the August meeting, staff was advised that the person holding the information conference must also be the person who issued the citation. With current resources, this is not an option; therefore, this item is not being pursued as it is not feasible for the Board to do at this time.

10. Administrative Services Report – Liz Constancio

(A) Budget

Ms. Constancio presented both the staff budget report, and the “Month 13” DCA CalStars report. The staff budget report is current as of September 20, 2013 and is an ongoing report of Board expenditures. The “Month 13” DCA CalStars report reflects the Board’s budget for the end of the fiscal year (June 30, 2013) including both expenditures and revenues received.

(B) Outreach

Ms. Constancio presented the Outreach report. Facebook appears to increase about 5% quarterly. The Twitter increased activity is due to recent legislative activity.

Ms. Constancio presented the Application and Licensing Services report. Ms. Constancio noted that the California Law Exam (CLE) pass rate is slowing increasing since the implementation of the new exam form.

Ms. Ybarra presented the Consumer Protection Services report.

Mr. Kaiser presented the Continuing Competency report noting, as previously mentioned, the current backlog remains as the program continues with limited resources. The Continuing Competency program recently completed a project that will assist licensees in obtaining course approvals. The list of Continuing Competency Approval Agencies on the Board’s website has been updated with indicators showing which agencies 1) approve outside providers, 2) approve individual licensees, and 3) provide retroactive approval. The indicators are coded by color and shape, which is ADA compliant.
14. Public Comment on Items Not on the Agenda

There was no public comment under this item.

15. Elections

16. Agenda Items for Next Meeting – February 19 & 20, 2014
Sacramento, CA

The Board indicated it did not have any specific items at this time for the February meeting.

17. Adjournment

The meeting was adjourned at on Thursday, November 7, 2013.
1. Call to Order and Roll Call – Debra Alviso, PT

   President Debra Alviso called the meeting to order at xxx am. All members were present and a quorum was established.

2. Guidelines for Issuing Citations and Imposing Discipline, and Uniform Standards Regarding Substance-Abusing Healing Arts Licensees

   The Guidelines for Issuing Citations and Imposing Discipline, and Uniform Standards Regarding Substance-Abusing Healing Arts Licensees (Guidelines) were brought back for consideration based on the motion of the Board at the November 6, 2013 Board meeting to incorporate the changes made with the passage of SB 198.

   Elsa Ybarra directed the members to the DRAFT revisions incorporating SB 198 (Physical Therapy Practice Act) and other typographical changes to the Guidelines. The Board reviewed the Guidelines and made the following changes (double underline indicates added text and double strikeout indicates deleted text):

Re: Physical Therapists' Scope of Practice with Regard to Medications

Dear Ms. DeFoe and Ms. Byl:

The purpose of this letter is to memorialize my opinion about the scope of practice of the physical therapist, specifically, the ability of a physical therapist to collect and review a patient’s medical history, including the patient’s medications. Of particular concern is the physical therapist’s role in collecting the data, and what the physical therapist may do with the data once it is collected.

The scope of practice for a physical therapist practicing in California is driven by California law, specifically, by Business and Professions Code section 2620, subdivision (a). That subdivision provides,

**Physical therapy means the art and science of physical or corrective rehabilitation or of physical or corrective treatment of any bodily or mental condition of any person** by the use of the physical, chemical, and other properties of heat, light, water, electricity, sound, massage, and active, passive, and resistive exercise, **and shall include physical therapy evaluation, treatment planning, instruction and consultative services.** The practice of physical therapy includes the promotion and maintenance of physical fitness to enhance the bodily movement related health and wellness of individuals through the use of physical therapy interventions. The use of roentgen rays and radioactive materials, for diagnostic and therapeutic purposes, and the use of electricity for surgical purposes, including cauterization, are not authorized under the term “physical therapy” as used in this chapter, and a license issued pursuant to this chapter does not authorize the diagnosis of disease. [Emphasis added.]

Physical therapy evaluation includes an evaluation or review of the patient’s history. To properly complete that evaluation, the physical therapist must collect information from the patient, including information about any medications being taken.

In California, the physical therapist, as a uniform practice, should be collecting relevant data from the patient’s history about medications a patient is, or was, taking. A physical therapist may ask
for and document information collected from a patient regarding the types and dosages of any medication the patient is taking, the reasons the patient is taking those medications, and the patient’s perspective about the effectiveness of, or concerns about, those medications. Further, the physical therapist should gather information about the patient’s current status in order to establish prior and current level of function and establish general health status (e.g., fatigue, fever, malaise, unexplained weight change). The physical therapist may make observations relevant to his or her treatment of the patient, including notes regarding what may be side effects of medications.

Physical therapists are required to be aware of the role pharmacological management of various bodily systems; that topic is one of the subjects in the licensing examination. That is, the physical therapist is educated to determine the need for interventions as a result of the medications a patient is taking, and expected side effects of those medications. Such education and knowledge, however, does not authorize the physical therapist in California to evaluate the effectiveness of a medication or allow the physical therapist to determine whether a patient’s medications are appropriate. As noted above, the physical therapist’s role is defined by the law governing the scope of practice in California. In California, a physical therapist is specifically prohibited from diagnosing disease or prescribing medications. (Bus. & Prof. Code §§ 2620, 2620.3.) Given those explicit limitations on the practice of physical therapy, there are corresponding limitations as to the role of the physical therapist upon identifying a concern that may be related to a medication.

If, in the therapist’s judgment, the medication causes an impact that he or she can address with physical therapy, the physical therapist may do so. If, however, in the therapist’s judgment, the medication must be reviewed, the physical therapist’s scope only allows him or her to raise the concern with the patient and to refer the concern to the healthcare professional with the prescribing authority. Due to the limitation of his or her role with medications, the physical therapist’s scope of practice does not include making definitive conclusions about the effectiveness of the patient’s medication.

The physical therapist who has concerns about the effectiveness of a medication may advise the patient to follow up with the patient’s treating physician and may, consistent with other laws, share the physical therapist’s observations with the patient’s other treating providers. Depending on the circumstances, the physical therapist may be required to do so by community standards. The physical therapist may also report his or her observations, or a lack of concerns, with the patient as well as any members of the patient’s health care team.

In the situation that was described at a prior board meeting, where the physical therapist is providing home health care and collects data about medications being taken, including dosage and type and frequency, the physical therapist may record that data in patient records. Similarly, the physical therapist may report concerns relayed by the patient, or concerns he or she has about the patient’s condition. The physical therapist may not, however, draw conclusions about the effectiveness (or lack thereof) of medications. Such physical therapist may, however, relay such information to another health care provider who has the authority to draw such conclusions based on the data and observations reported by the physical therapist.
I trust this has addressed some of your concerns.

Sincerely,

DOREATHEA JOHNSON
Deputy Director, Legal Affairs

Requires boards under the DCA to, if requesting whether the person is a veteran on any form, to specifically ask the following, “Have you ever served in the United States military?” Boards will be required to implement this format by July 1, 2014.

SECTION 1.
Section 11019.11 is added to the Government Code, to read:

11019.11. (a) Every state agency that requests on any written form or written publication, or through its Internet Web site, whether a person is a veteran, shall request that information only in the following format: “Have you ever served in the United States military?”

(b) This section shall apply only to a written form or written publication that is newly printed on or after July 1, 2014.

1 The statute takes effect 1/1/2014; however, implementation is not required until July 1, 2014.
This Bill

1. Requires a physician and surgeon, podiatrist or other referring practitioner who refers a patient to receive services by a physical therapist employed by a professional corporation, to comply with existing law regarding financial arrangements for referrals and requires the referring practitioner to provide notice of the following to the patient orally and in writing, in a least 14-point type and signed by the patient:

   a. That the patient may seek physical therapy treatment services from a physical therapy provider of his or her choice who may not necessarily be employed by the medical or podiatric medical corporation; and,

   b. If the patient chooses to be treated by an employed physical therapist, any financial interest the referring practitioner has in the corporation.

2. Exempts a physician and surgeon, podiatrist, or other referring practitioner, which is in a medical group with a healthcare service plan who exclusively contracts to provide professional medical services for its enrollees, from providing the above notice.

3. Permits a person to initiate physical therapy treatment directly from a physical therapist if the treatment is within the scope of practice of a physical therapist, and the following conditions are met:

   a. If at any time, the physical therapist has reason to believe that the patient has signs or symptoms of a condition that required treatment beyond the scope of practice of a physical therapist or the patient is not progressing toward documented treatment goals as demonstrated by objective,
measurable, or functional improvement, the physical therapist shall refer the patient to a physician and surgeon, dentist, podiatrist, or chiropractor, as appropriate;

b. The physical therapist shall comply with professional title and degree title requirements, as specified, and shall disclose to patients any financial interest he or she has in providing treatment and, if working in a physical therapy corporation, shall comply with existing law regarding financial arrangements for referrals, as specified;

c. With the patient’s authorization, the physical therapist shall notify the patient’s physician and surgeon, if any, that the physical therapist is treating the patient;

d. The physical therapist shall not continue treating the patient beyond 45 calendar days or 12 visits, whichever occurs first, without receiving, from a physician and surgeon or a podiatrist, and acting within his or her scope of practice, a dated signature on the physical therapist’s plan of care indicating approval. Approval of the physical therapist’s plan of care shall include an in-person patient examination and evaluation of the patient’s condition and, if indicated, testing by the physician and surgeon or podiatrist. (This provision, specifically the requirement for a physician to sign-off the plan of care, is consistent with Federal insurance reimbursement requirements).

4. Sets forth that the 45 calendar days or 12 visits conditions do not apply when a physical therapist is only providing wellness services to a patient.

5. Specifies that this bill does not expand or modify the scope of practice for physical therapists, including the prohibition against physical therapists diagnosing disease.

6. Specifies that this bill does not restrict or alter the scope of practice of any other health care professional.

7. Specifies that this bill does not require a health care service plan or insurer to provide coverage for services rendered to a patient who directly accesses physical therapy treatment services.

   Added workers’ compensation insurance plans, employers, and state programs to the list of who is not required to provide coverage for services rendered to a patient who directly accesses physical therapy treatment services.

8. Requires physical therapists, prior to providing treatment to a patient who initiates physical therapy treatment services directly, to provide the patient the a
notice, as specified, orally and in writing, in at least 14-point type and signed by the patient

9. Establishes that a violation of these provisions constitutes unprofessional conduct.\(^1\)

10. Sets forth that current law which permits specified corporations to employ specified professional employees does not limit employment by a professional corporation; any licensee under Division 2 of the BPC, Chiropractic Act, or the Osteopathic Act may be employed to render professional services by any professional corporation.

11. Adds physical therapy corporations to the list of corporations to identify who may be directors, shareholders, and officers of a professional physical therapy corporation.

12. Permits physicians and surgeons, podiatrists, acupuncturists, naturopathic doctors, occupational therapists, speech-language pathologists, audiologists, nurses, psychologists, and physician assistants to be directors, shareholders, and officers of a physical therapy corporation.

13. Adds physical therapists to the list of who may be directors, shareholder, and officers of a medical corporation and a podiatric medical corporation.

\(^1\) Subdivision of Section 2660
This Bill

Will require, commencing January 1, 2015, that each board under the DCA inquire on every application for licensure if the applicant is serving in, or has previously served in, the military.

SECTION 1.
Section 114.5 is added to the Business and Professions Code, to read:

114.5.
Commencing January 1, 2015, each board shall inquire in every application for licensure if the individual applying for licensure is serving in, or has previously served in, the military.

1 The statute takes effect 1/1/2014; however, implementation is not required until January 1, 2015.

PHYSICAL THERAPY BOARD OF CALIFORNIA

RESOLUTION

DELEGATION TO THE DEPARTMENT OF CONSUMER AFFAIRS FOR THE REVIEW AND REGISTRATION OF SPONSORING ENTITIES

Whereas, Section 901 of the Business and Professions Code (Bus. & Prof. Code § 901), which relates to sponsored free health care events, requires that an entity desiring to sponsor such an event must first register with the appropriate board within the Department of Consumer Affairs (DCA); and,

Whereas, a sponsored event may utilize many healthcare license disciplines, including physicians, physician assistants, registered nurses, and other professionals; and,

Whereas the Physical Therapy Board of California (Board) is the appropriate board to register sponsored free health care events utilizing the services of physical therapists; and,

Whereas, the Board to implement the provisions of Bus. & Prof. Code § 901, has adopted regulations that authorize the Board by resolution to delegate to the DCA the authority to receive registration forms and register sponsoring entities; and,

Whereas the DCA would therefore serve as the optimal central point to receive registration forms and to register sponsoring entities;

THEREFORE, BE IT RESOLVED that the Board hereby delegates to the DCA the authority to receive sponsored entity registration forms and to register sponsoring entities for sponsored free health care events that utilize the services of physical therapists.

Adopted this _____ day of __________ 2014.

Performance Measures

Q2 Report (October - December 2013)

To ensure stakeholders can review the Board's progress toward meeting its enforcement goals and targets, we have developed a transparent system of performance measurement. These measures will be posted publicly on a quarterly basis.

**PM1 | Volume**

Number of complaints and convictions received.

<table>
<thead>
<tr>
<th></th>
<th>October</th>
<th>November</th>
<th>December</th>
</tr>
</thead>
<tbody>
<tr>
<td>Actual</td>
<td>135</td>
<td>92</td>
<td>122</td>
</tr>
</tbody>
</table>

Total Received: 349 Monthly Average: 116

- Complaints: 296
- Convictions: 53

**PM2 | Intake**

Average cycle time from complaint receipt, to the date the complaint was assigned to an investigator.

<table>
<thead>
<tr>
<th></th>
<th>October</th>

<td>4</td>
<td>13</td>
</tr>
</tbody>
</table>

Target Average: 9 Days | Actual Average: 10 Days
**PM3 | Intake & Investigation**

Average cycle time from complaint receipt to closure of the investigation process. Does not include cases sent to the Attorney General or other forms of formal discipline.

<tr>
<td>Actual</td>
<td>68</td>
<td>87</td>
<td>72</td>
</tr>
</tbody>
</table>

**Target Average: 90 Days | Actual Average: 75 Days**

**PM4 | Formal Discipline**

Average number of days to complete the entire enforcement process for cases resulting in formal discipline. (Includes intake and investigation by the Board and prosecution by the AG).

</tbody>
</table>

**Target Average: 540 Days | Actual Average: 429 Days**
PM7 | Probation Intake
Average number of days from monitor assignment, to the date the monitor makes first contact with the probationer.

Target Average: 10 Days | Actual Average: 2 Days

PM8 | Probation Violation Response
Average number of days from the date a violation of probation is reported, to the date the assigned monitor initiates appropriate action.

The Board did not report any new probation violations this quarter.

Target Average: 7 Days | Actual Average: N/A

**Investigation**

Complaints investigated by the program whether by desk investigation or by field investigation.

Measured by date the complaint is received to the date the complaint is closed or referred for enforcement action.

If a complaint is never referred for Field Investigation, it will be counted as 'Closed' under Desk Investigation.

If a complaint is referred for Field Investigation, it will be counted as 'Closed' under Non-Sworn or Sworn.

The following is a list of disciplinary actions taken by the Physical Therapy Board of California, in **November, December 2013, and January 2014**. The Decisions become operative on the Effective Date, with the exception of situations where the licensee has obtained a court ordered stay. Stay orders do not occur in stipulated decisions, which are negotiated settlements waiving court appeals.

Glossary of Terms

B & P Code – Business and Professions Code
H & S Code – Health and Safety Code
R & R – Rules and Regulations
CCR – California Code Regulations

Accusations: Charges and allegations, which still must undergo rigorous tests of proof at later administrative
hearings.

Citation & Fine: An alternative means to address relatively minor violations that are not discipline in order to
protect the public. Citations and Fine Orders are not disciplinary actions, but are matters of public record.

Petition to Revoke Probation: A Petition to Revoke Probation is filed when a licensee is charged with violation of a
prior disciplinary decision.

Probationary License: Where good cause exists to deny a license, the licensing agency has the option to issue a
conditional license subject to probationary terms and conditions.

Statement of Issues Filed: When an applicant for licensure is informed the license will be denied for cause, the
applicant has a right to demand a formal hearing, usually before an Administrative Law Judge. The process is
initiated by the filing of a Statement of Issues, which is similar to an accusation.

Surrender of License: License surrenders are accepted in lieu of further proceedings.

Statement of Issues Decision: These are decisions rendered after the filing of a Statement of Issues.

Stipulated Decision: Negotiated settlements waiving court appeals.
