Mr. Hartzell updated the members on the status of the relocation. He indicated the
move date had been changed to December 1st and that there would be a new voice
over IP phone system as well as new furniture to be purchased. The current phone
system has reached the end of its useful life and being part of the overall phone system
in the new building will be more cost effective. The Board was also advised that it
would be more cost effective to purchase new furniture. Mr. Hartzell then directed the
Board’s attention to the June CALSTARS report included in the agenda book and to the
analysis of the fund condition that he handed out. Members discussed various
expenditures and Mr. Hartzell expounded on justification for the fee increase the Board
is currently seeking.

Mr. Hartzell advised the Board that the FSBPT Continuing Competency Committee Pilot
Program is progressing with the development of an examination that could be taken and
considered a pathway for satisfying competency requirements or it could simply be used
as a tool for identify professional deficiencies.

10.  2007 Legislation Update – Steven K. Hartzell
   (A)  Fee Increase
   (B)  Proposed Physical Therapy Practice Act
   (C)  Obtain Revisions to Legislative Authority to Disconnect Telephones of
        those Engaging in the Unlicensed Practice of Physical Therapy

Mr. Hartzell explained that there still was no author for a bill to increase the fees,
however there is a possibility of the CPTA assisting with this. He went on to say that he
is in the process of responding to some questions from the CPTA about the Board’s
budget and that he was hopeful of satisfying their needs. He also suggested that the
Board consider relinquishing cost recovery authority. Mr. Hartzell advised members
that there was no bill for the proposed revisions to the Physical Therapy Practice Act or
to obtain authority to disconnect telephones of those engaging in the unlicensed
practice of physical therapy.

   (D)  AB 1444 – Physical therapists; Scope of Practice

Ms. DeFoe of the CPTA advised that AB 1444 has become a two-year bill and they are
working on the bill to increase opportunities for success in the next legislative year.

   (E)  SB 1049 – Physical therapy; Executive Officer

This bill corrects an oversight that was made in SB 1476, Chapter 658, and Statutes of
2006. Some of the provisions contained in SB 1476 extended the sunset and repeal
dates for the Board, which went through the sunset review process last year. However, due to an oversight these extensions did not include the authority to hire an executive officer. The bill corrects a technical, but substantive, error that was made last year.

In order to ensure continuity in the ongoing operations of the Board the bill contains an urgency clause.

The bill currently is waiting for the third reading by the Assembly.

(F) SB 963 – Regulatory board’s: Termination

Ms. Freedman, legal counsel briefed the Board on the intention of the bill. She stated that while there are many provisions to the bill the most significant are that sunset review would be eliminated and that there would be an Office of Consumer Advocate created which would have oversight authority over the boards. She also indicated that the bill mandates an extraordinary amount of reporting by the Board. She further advised that the Department of Consumer Affairs (DCA) adopted an oppose position.

Moved by Ms. Jewell, second by Ms. Takii to adopt an oppose position to SB 963. Vote 5-0. Motion carried.

(G) SB 964 – Local agencies

There was an error on the agenda and this bill was suppose to be SB 64 which Ms. Freedman explained is a bill addressing emergency volunteers and portability of health professionals in the case of an emergency situation such as Hurricane Katrina.

(H) AB 1025 – Professions and vocations: licensure

Mr. Heppler advised the Board that the bill allows for an applicant who was rehabilitated in prison and was deemed successfully rehabilitated the Board could not deny licensure based on the criminal conviction. Mr. Heppler also indicated that DCA adopted an oppose position.

Moved by Ms. Jewell, seconded by Ms. Takii to adopt an oppose position to AB 1025. Vote: 5-0. Motion carried.

Ms. DeFoe, CPTA briefly stated that AB 731 became a two-year bill and that they had been working with the author who incorporated all the amended language suggested by the CPTA.

assist legal counsel with preparation of regulatory language for consideration by the Board.

The addition of these articles would extend the newsletter to possibly 10 pages and afford additional opportunity for members to add an article if they chose. Ms. Mitchell indicated that she would need any additional articles to be submitted to her within approximately one week to ensure publication prior to the CPTA conference in September. Ms. Krueger asked that the article titled Continuing Competency Requirements be changed to Continuing Competency Task Force Update. There were a few other grammatical changes noted.

President Krueger drew attention to the report included in the agenda book. She noted that complaints received increased significantly in the past year and sought clarification to the cause. Ms. Marco responded that the Board is actively pursuing those who violate the laws and regulations requiring address change notification within 30 days of the change in address. Ms. Marco stated this could be the largest contributor. President Krueger requested more detailed information in the report, specifically how are complaints being resolved (e.g. confidential closing letter, cite and fine, discipline, etc.)

Moved by Ms. Jewell, Seconded by Mr. Turner to adopt the Clarification of a Physical Therapist’s and Occupational Therapist’s Scope of Practice within the State of California as written. Vote: 5-0. Motion carried.

The Board reviewed the joint statement on “Clarification of a Physical Therapist’s Responsibility while Providing Supervised Training of an Occupational Therapist Obtaining an Advanced Practice Certification in Hand Therapy or Physical Agent Modalities within the State of California”. Ms. Mitchell directed members to the joint statement included in the agenda book and specified that the changes made by the Occupational Therapy Board were signified in blue font.
