PRESIDENT'S MESSAGE

By Alicia Rabena-Amen, Board President

A lot has happened since the spring issue of *Progress Notes*. The global pandemic unexpectedly crept into our lives and quickly took over. Californians have sacrificed many of our joys and freedoms in order to keep others and ourselves safe. It has been a challenging time for all of us to say the least. As a board, our March meeting was cancelled, yet Board business has

continued. We now meet via webinar and still invite all stakeholders to participate. We look forward to meeting in person again soon.

(continued on page 2)

Physical therapy professionals in California have always enjoyed job stability. Never before would I have imagined that colleagues would take temperatures at front doors, work as patient care technicians in hospitals, or most sadly, experience layoffs or closed doors across various settings. Those who remained working quickly adapted to new PPE protocols, prioritizing clients, and practicing from a distance, whether in person or via telehealth. The Physical Therapy Board of California (PTBC) and the Department of Consumer Affairs (DCA) were swift to provide waivers to lessen some of the burden on licensees.

Student physical therapists and student physical therapist assistants also experienced great disruptions in their education. While they quickly adjusted to distance learning due to COVID-19 restrictions, students had to have their scheduled clinical education placements cancelled. While the cancellations were appropriate and necessary, many students are still working hard to fulfill the needed hours to graduate and sit for their national exams. The PTBC has repurposed some staff positions as needed to answer many calls with questions from programs and students alike, with both groups expressing relief that the PTBC has been responsive and flexible during these trying times.

Notably, California consumers have also suffered by enduring the loss of accessibility to physical therapy services during this pandemic. Vulnerable clients protected themselves by remaining home, and many patients were forced to postpone surgeries while tolerating their impairments. As positive virus cases now continue to decline, consumers are returning to receive the much-needed procedures and physical therapy services that will help them live and attain the quality of life they desire.

Now that fall is here, many of us are beginning to experience some of the activities that we enjoy while still practicing safety guidelines. While restrictions are slowly being rolled back, we know that we will still need to remain vigilant for some time and not let our guards down. Finding that balance will allow physical therapy doors to remain open and consumers to get much needed physical therapy services. If we all do our part, together we can remain open and reopen all of California safely.

Wishing you all good health and happiness,

Alicia Rabena-Amen, DPT, PTBC President

WATCH FOR US

STAY CONNECTED

Board meetings are held throughout California to give the public and licensees the opportunity to attend. Information regarding dates, locations, and agendas for Board meetings are posted on the PTBC website (www.ptbc.ca.gov) at least 10 days prior to the meeting dates.

The Physical Therapy Board of California is on Facebook and Twitter. Follow us at:

facebook.com/PTBCnews

twitter.com/PTBCnews

or visit our website at www.ptbc.ca.gov.

BOARD MEMBERS

President

Alicia Rabena-Amen, P.T., DPT

Vice President

Katarina Eleby, M.A.

Jesus Dominguez, Ph.D., P.T.

Daniel Drummer, P.T., DPT

Tonia McMillian

EXECUTIVE STAFF

Executive Officer

Jason Kaiser

Sarah Conley, Manager

Application, License Maintenance and
Continuing Competency Services Programs

Liz Constancio, Manager

Administrative Services Program

Elsa Ybarra, Manager

Consumer Protection Services Program

From left to right: Jason Kaiser, Executive Officer; Jesus Domingue, P.T., Ph.D.; Alicia Rabena-Amen, P.T., DPT; Katarina Eleby, M.A., Public Member; Tonia McMillian, Public Member; Daniel Drummer, P.T., DPT; and Michael Kanotz, Board Legal Counsel.

The Board convenes in public meetings to conduct the business of the PTBC, make regulatory and enforcement decisions, and to address other issues within their jurisdiction.

Continuing competency hours may be awarded for attending Board meetings in person to encourage

physical therapists and physical therapist assistants to learn more about the issues and operations of the PTBC.

Can't attend a meeting? While you won't receive continuing competency credit, you can still view the meeting actions via webcast. Become a [Facebook friend](#) of the PTBC and you'll receive notification and a link to gain access on the meeting day.

DO YOU WANT TO HOST A BOARD MEETING?

Who is the Physical Therapy Board of California?

The Physical Therapy Board of California (PTBC) is a government agency within the Department of Consumer Affairs. PTBC licenses and disciplines physical therapists and physical therapist assistants. The PTBC provides three principal types of consumer services: verifies education and background prior to licensure, provides information about the practice of physical therapy by physical therapists and physical therapist assistants, and investigates complaints against physical therapists and physical therapist assistants.

Board Meetings

Board meetings are mandated to three board meetings a year. Typically, the PTBC conducts four meetings a year in the areas of Northern and Southern California. Board meetings are usually two days long and the public is highly encouraged to attend.

Benefits of Hosting a Board Meeting

- Consumers in the area can be educated on the practice of physical therapy.
- Licensees in the area can attend and receive continuing competency credit while having their voice heard on topics being discussed.
- Students and applicants can attend in between classes and learn how the PTBC operates and how decisions are made that affect the profession.
- Name recognition for the hosting location.

Mission

To advance and protect the interests of the people of California by the effective administration of the Physical Therapy Practice Act.

Vision

The standard for consumer protection in physical therapy.

MEET THE PTBC VICE PRESIDENT BY KATARINA ELEBY

Katarina Eleby of Carson was appointed to the Physical Therapy Board of California (PTBC) by Governor Gavin Newsom on May 29, 2013. She has been a public member of the PTBC for seven years

and is currently serving her second term as a board member. Eleby is also the youngest member to serve on the Board. Being a public member on a Board is slightly different than being a professional member and Eleby shares with us her experience and how she sees her role on the Board.

Q: What is the role of the public member on the Physical Therapy Board?

A: Public members, as with all board members, have a primary mandate of public protection. While practitioners lend their expertise of the profession,

public members act as another line of defense, ensuring that all board actions have the consumers' best interest in mind.

Q: How did you hear about serving on the Physical Therapy Board?

A: While working as the manager of programs and operations at the African American Board Leadership Institute, I had the opportunity to invite the prior governor's appointments secretary to a training for our alumni on state boards and commissions. She provided us with the tools and knowledge of how to apply, and a few months later I was asked to consider serving on the Physical Therapy Board as a public member.

Q: What have you gained from this experience?

A: I've learned a tremendous amount about the profession of physical therapy and the level of care that practitioners bring to their work each day. It's inspiring to work with such dedicated board members and staff who strive for excellence each day in serving P.T.s, PTAs, and the consumers of the great state of California.

PTBC MILESTONES

The Physical Therapy Board of California (PTBC) would like to thank and recognize all of you for your hard work and dedication to the PTBC, consumers, licensees, students, and applicants of California. You all go above and beyond for the people of California and we are so grateful to have you as part of the PTBC family.

Valerie Kearney, *Applications Analyst*

5 years with PTBC

MY JOURNEY TO BECOMING A LICENSED PHYSICAL THERAPIST

BY JEREMY YEE, P.T., DPT

The journey to becoming a licensed physical therapist was challenging, yet highly rewarding. Following years of physical therapy school, we still must pass the Board exams: National Physical Therapy Exam (NPTE) and California Law Exam (CAL-Law). I graduated from University of California, San Francisco/ San Francisco State University (UCSF/SFSU) Doctor of Physical Therapy (DPT) Program in June 2019. As I approached graduation, I was slightly overwhelmed and felt uncertain about how to start applying, as well as how to prepare for the Board exams. By sharing my personal experiences, I hope that you will be better prepared for your journey to becoming a licensed physical therapist.

There are two applications required to obtain physical therapy licensure. In total, I spent over \$1,100 on these applications. The first application is to the Federation of State Boards of Physical Therapy (FSBPT), which allows you to register for the NPTE and CAL-Law exams. Three months prior to graduation, my DPT program sent certificates of completion (P1E) directly to the Physical Therapy Board of California (PTBC). Afterwards, I created an online account with the FSBPT and registered for the NPTE and CAL-Law exams. Shortly after registering for each exam, I received an email from the FSBPT with authorization to test, which allowed me to schedule each exam at Prometric's testing centers. I scheduled both exams at the Fair Oaks location in Sacramento: NPTE on July 25 and CAL-Law on August 8.

(continued on page 7)

The second application is through BreEZe to the PTBC, which verifies and issues licensure. There are multiple components to the BreEZe application, including a Live Scan service for fingerprint submission, which I completed at a local UPS Store.

My preparation for the NPTE began during my didactic training at UCSF/SFSU. The program required students to pass three qualifying exams in acute care, orthopedics, and neuromuscular. Each exam included clinical scenarios in a similar format to the NPTE. In addition to studying for the qualifying exams and reviewing didactic material, I purchased the Scorebuilders study guide, which included three practice exams, each consisting of four sections and a total of 200 questions. I also purchased the Practice Exam and Assessment Tool (PEAT) through FSBPT, which included two additional practice exams, each consisting of five sections and a total of 250 questions, similar to the actual NPTE. Additionally, I used two smartphone applications: NPTE-PT Pocket Prep and PT365 via Scorebuilders. Each application provided daily practice questions and short quizzes.

In conjunction with the Scorebuilders study guide, I created a six-week study schedule based on the primary systems that the NPTE focuses on. For example, I spent my first week primarily on musculoskeletal, second week on neuromuscular, third week on cardiopulmonary, and so on. At the end of each week, I took a practice exam. I spent the following couple days reviewing each exam, determined my areas of strengths and weaknesses, and adjusted my study plan accordingly. To prevent burnout and mental fatigue, I incorporated multiple study breaks throughout each day and at least one day off from studying per week.

On the day of the NPTE, I arrived early to the testing center and the check-in process was efficient. The NPTE consisted of 250 questions, five sections with 50 questions each, five hours total with one scheduled

20-minute break after the second section. I also took an optional break after the fourth section. By the end of the exam, I nearly ran out of time and did not feel very confident about my performance. Reflecting on this experience, I likely would have benefitted from an additional one or two weeks of studying and additional practice exams.

Meanwhile, the CAL-Law consisted of 50 questions for a total of 60 minutes. To prepare for this exam, I spent about one week primarily studying the reference guide provided on the PTBC website: [California Laws and Regulations Related to the Practice of Physical Therapy](#) (available at www.ptbc.ca.gov under the “Applicants” tab). In comparison to the NPTE, the CAL-Law was less mentally fatiguing, and I completed the exam with plenty of time to spare.

Within one week following each exam, I received the results on my FSBPT account: pass! And within one week of passing the CAL-Law, my P.T. License verification was posted on my BreEZe account. All of my diligent studying and hard work paid off, and I officially became a licensed physical therapist in California!

Here is a list of all the fees I paid to become a licensed physical therapist in California:

Application and Registration Fees:

- FSBPT Registration
 - » NPTE: \$485
 - » CAL-Law: \$65
- Prometric Testing Center
 - » NPTE: \$85
 - » CAL-Law: \$25
- BreEZe Application:
 - » PT Application Fee: \$300
 - » PT Initial License Fee: \$150
 - » Live Scan Service: \$69

BUDGET HIGHLIGHTS BY KENNETH MEISS

The Physical Therapy Board of California (PTBC) licenses and regulates physical therapists, physical therapist assistants, and the practice of electroneuromyography and kinesiological electromyography performed by physical therapists.

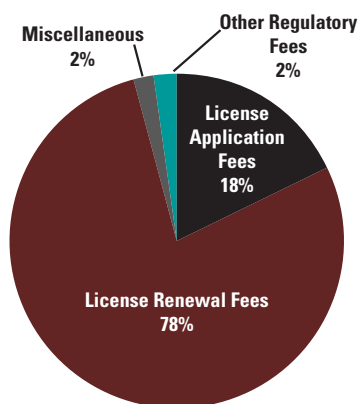

The PTBC Fund is constituted as a Special Fund Revenue within the State Treasury. The PTBC Fund is comprised of all monies collected from applicants and licensees through licensing, renewal, endorsements (license verifications) and administrative actions, i.e., citations, cost recovery, and probation monitoring. The PTBC's funds are reserved to pay for all salaries and all other operating expenses and equipment to sustain program operations. The PTBC budget appropriation is developed annually and is subject to legislative approval and may be increased through the Budget Change Proposal (BCP) process. The BCP process allows the PTBC to justify the need to increase its annual budget appropriation necessarily to support program operations effectively and efficiently.

Revenues ... where the funding comes from

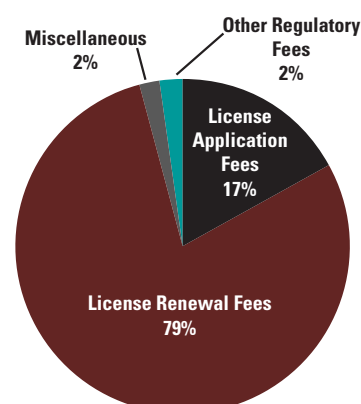

REVENUES	FY2018-19 (Actual)	FY2019-20 (Actual)
Other Regulatory Fees	\$134,876	\$129,850
License Application Fees	\$1,088,696	\$1,078,223
License Renewal Fees	\$4,760,501	\$5,005,599
Miscellaneous	\$133,162	\$142,800
Total Revenue (Year-End)	\$6,117,235	\$6,356,472

Represents a 3.91% increase in revenues.

FY 2018-19

FY 2019-20

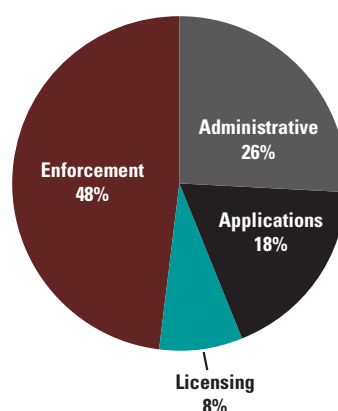

And what the funds are spent on

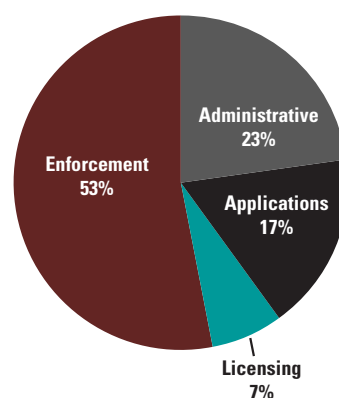

EXPENDITURES	FY2018-19 (Actual)	FY2019-20 (Actual)
Administrative	\$989,967	\$1,392,960
Applications	\$722,149	\$946,001
Licensing	\$319,450	\$405,505
Enforcement	\$2,273,373	\$2,569,615
Total Expenditure (Year-End)	\$4,304,939	\$5,314,612
Authorized Budget	\$4,227,000	\$5,642,000
Fund Balance (Year-End)	\$4,073,000	\$4,903,000

Represents a 20.38% increase in fund reserves.

FY 2018-19

FY 2019-20

Effective, July 1, 2019 (FY2019-20), PTBC staffing increased by 4 positions to support the volume of workload within various program areas.

What's next for fiscal year 2020-21

The Physical Therapy Board will continue its efforts to improve program efficiencies:

- Monitor and assess workload and redirect resources to address deficient areas on a rotational basis.
- Submit a Budget Change Proposal for FY2022-23 to correct all program area deficiencies.

WHAT HAPPENS AFTER A COMPLAINT IS FILED? BY CAROLE PHELPS

The Physical Therapy Board of California (PTBC) receives and investigates a variety of complaints against physical therapy care providers. Complaints can be submitted about services provided, sexual misconduct, billing issues, convictions, unlicensed practice, malpractice, personal conduct, or any concerns a consumer may have. Complaints are filed by patients, caregivers, insurance providers, other licensees, and other members of the public.

The complaint investigation process can be quite lengthy, involving multiple parties, including the Consumer Protection Services (CPS) analyst, sworn investigators, physical therapist expert consultants, and attorneys. Complaints are reviewed by the Board's CPS Program analyst, whose first step is to determine if the PTBC has jurisdiction over the issues addressed in the complaint. If the PTBC has jurisdiction, the complaint is assigned to a CPS analyst for investigation and an acknowledgement letter is sent to the complainant. Complaints are considered confidential, so the PTBC will not notify or provide a copy of the complaint to the licensee or disclose the identity of the complainant (until required to do so by law).

The CPS analyst reviews each complaint and conducts an investigation, gathering evidence and information to determine if the alleged violation(s) have merit and can be proven. Complaint allegations can vary widely, so no two investigations follow the exact same steps. The analyst may request additional information in writing from the complainant, the licensee, and/or directly from the involved care facility. Sometimes, complaints are received anonymously, and in those cases, the PTBC is not able to reach out to the complainant for additional information. Although anonymous complainant cases are difficult to pursue, the PTBC will attempt to obtain information to determine if there is merit to the complaint and/or jurisdiction.

If the complaint allegations include concerns regarding physical therapy care received, patient treatment records are obtained for review. The PTBC cannot obtain a copy of a patient's medical records without the patient's written permission. Therefore, an Authorization for Release of Patient Health Information form must be obtained from the patient. Once records are obtained, they are reviewed by a physical therapist expert consultant to determine if there is evidence of violations including negligence, incompetence, potential billing fraud, improper supervision of assistive personnel, and any other potential concerns regarding the care rendered to the patient(s). The expert consultant provides their findings to the PTBC in a written report.

In some cases, an onsite visit to the care facility is required in order to conduct in-person interviews of involved parties

(the complainant, the licensee, and any witnesses) and/or to review medical records. If in-person interviews or a visit to the care facility are needed, the analyst will forward the complaint to the Department of Consumer Affairs Division of Investigation (DOI), which conducts all field investigations for the PTBC. At the conclusion of the field investigation, the DOI investigator provides a written report to the PTBC containing their findings and any evidence that was obtained.

Once all requested information and reports are received, the analyst reviews the evidence with the CPS manager and/or the PTBC's executive officer to determine if a violation of the Physical Therapy Practice Act occurred and to determine what level of action is appropriate, if any.

If there is sufficient evidence of serious violation(s) to warrant disciplinary action against the licensee(s), the consumer complaint and all relevant evidence are referred to the Department of Justice's Office of the Attorney General to initiate a legal proceeding to revoke, suspend, limit, or condition the license, which is called an accusation. (Gov. Code, § 11503.) The Office of the Attorney General acts as the PTBC's legal counsel for all disciplinary proceedings. The case is assigned to a Deputy Attorney General (DAG) and the analyst works closely with the DAG on the disciplinary process. The PTBC must prove the allegations by clear and convincing evidence to a reasonably certainty in order to take disciplinary action against a licensee.

If less egregious violation(s) are found that don't warrant disciplinary action, the PTBC may issue an administrative citation and fine to the licensee, send a closing educational letter to the licensee referencing current laws related to any areas of concern, or close the case without further action. If no violations are found, the PTBC closes its case with no action. These types of case closures are not considered disciplinary action.

When the investigation and any resulting PTBC action are complete, the analyst will notify the complainant and the licensee of the outcome in writing. All investigative files are retained in the PTBC's files as prescribed by law and may be a source of consideration if any subsequent complaint is received by the PTBC.

Additional information on the PTBC's complaint process is available at www.ptbc.ca.gov:

- [Complaint process FAQs](#) (under the "Consumers" tab)
- [Detailed diagram of the PTBC's complaint process](#) (under the "Forms" tab)
- [PTBC's disciplinary guidelines](#) (under the "Forms" tab)

CONTINUING COMPETENCY BY SARAH CONLEY

Building on the continuing competency pathways development discussion in the Spring 2020 Progress Notes article, in this issue we will delve into the details of continuing competency requirements and address some common questions.

The traditional continuing competency pathway includes all education courses approved by an agency recognized by the Physical Therapy Board of California (PTBC) and college coursework from an educational institution accredited by the U.S. Department of Education or by the regulatory authority of any state. The PTBC has recognized over 120 approval agencies to approve providers and courses, and these recognized approval agencies have approved over 14,000 continuing competency courses. Approved courses are deemed compliant with California continuing competency provider and course requirements and are accepted by the PTBC to fulfill the biennial continuing competency renewal obligation. So, how do licensees find these courses? The program structure is that the PTBC recognizes approval agencies, and recognized approval agencies approve providers and courses. However, the PTBC does not provide a list of approved providers and courses. The

PTBC does list all recognized approval agencies on its website and identifies which agencies: 1) approve providers other than their own, 2) approve individual licensees, 3) offer retroactive approval, 4) offer basic life support for health care professionals, and 5) offer laws and ethics. The PTBC encourages licensees to take time to explore the approved continuing competency opportunities through the various recognized approval agencies. With recognized approval agency courses and courses available through accredited educational institutions, there is a wide variety of subject matters and delivery methods for the traditional continuing competency pathway.

While solely using the traditional pathway is acceptable, the PTBC recognized there are other professional development mechanisms, found value in the activities, and saw that they offered greater flexibility to licensees. The Alternate continuing competency pathway provides licensees the opportunity to apply non-traditional activities to the biennial continuing competency renewal obligation. Here is the list of approved Alternate pathway activities and the hours that may be earned for completing them:

	Description	Cap	Conversion
(A)	Publishing a peer-reviewed journal, article, case study, or book chapter	16 hours	5 hours per article, study, or chapter
(B)	Developing or presenting an approved college or continuing education course for the first time	16 hours	4 hours per each course
(C)	Participating as a subject matter expert in the examination process for the Board, FSBPT, or ABPTS	16 hours	6 hours per experience
(D)	Serving on a Board-appointed task force	16 hours	6 hours per experience
(E)	Performing in a role as a clinical instructor where the student's clinical experience is full time and lasts at least four weeks. Effective January 1, 2013, the clinical instructor must be credentialed by APTA or hold a substantially similar credential.	12 hours	1 hour per week
(F)	Attending a conference related to the practice of physical therapy where proof of attendance is provided by the conference sponsor.	8 hours	2 hours per conference
(G)	Attending a conference offered by FSBPT, APTA, or a component thereof.	8 hours	4 hours per conference
(H)	Attending a Board meeting.	8 hours	2 hours per meeting
(I)	Completing an FSBPT practice review tool	6 hours	6 hours per experience
(J)	Successfully passing one of the American Board of Physical Therapy Specialties' certified specialist examinations, including recertification examinations	6 hours	6 hours per examination
(K)	Completing training as an expert consultant for the Board	6 hours	6 hours per training
(L)	Successfully passing the Board's California Law Examination	2 hours	2 hours per examination

(continued on page 11)

The PTBC is often asked why it does not accept courses accepted by other regulatory entities within California and from other states. It is not that the PTBC does not accept the courses; it is that the PTBC must first ensure these courses meet PTBC standards. This vetting process is through the recognized approval agencies. So, while the PTBC does not accept continuing competency activities not within the traditional and alternate pathways, there is still opportunity for other, non-approved courses to be approved by a PTBC recognized approval agency before it is offered or approved retroactively. However, course approval is at the discretion of the recognized approval agency. Although they have the authority, they are not required to approve any course.

While there are different continuing competency pathways, there are content standards that apply across all continuing competency activities. Hours, whether traditional or alternate, must be obtained in subjects related to either the professional practice of physical therapy or patient/client management. The professional practice of physical therapy includes, but is not limited to, professional accountability, professional behavior, and professional development. Patient/client management includes, but is not limited to, examination, evaluation, and diagnosis and prognosis, implementation, and discharge. Moreover, aside from the pathways and content standards, the PTBC specifically requires two hours in ethics, laws and regulations, or some combination thereof; and four hours in life support for health care professionals. The life support training should be comparable to, or more

advanced than, the American Heart Association's Basic Life Support Health Care Provider Course.

We just discussed the number of hours required for ethics, laws, and regulations as well as life support training, but how many continuing competency hours are required in total? For most licensees, the biennial continuing competency renewal obligation is 30 hours. The same number of hours is required for both physical therapist and physical therapist assistant licensees. The activities must be completed in the two-year period prior to the current license expiration date. If it is a licensee's first time renewing, only 15 hours of continuing competency is required to be completed between the first license issue date and the license expiration date. Licensees should receive a completion confirmation, often a certificate of completion, for each activity. This documentation is to be maintained by the licensee, not the PTBC. Licensees are not required to submit proof of completed continuing competency activities with renewal; if documents are submitted, the PTBC will return them to the licensee. Licensees must maintain their activity completion records for five years following the activity end date. A licensee is expected to produce the records upon the PTBC's request. Since licensees are not required to provide evidence of compliance upon renewal, they are required to certify under penalty of perjury that they are in compliance with the continuing competency renewal obligation.

Stay tuned for more information on continuing competency in the next issue of PTBC's *Progress Notes*.

TOP PTBC VIOLATIONS

The Physical Therapy Board of California (PTBC) is a California state government agency that licenses physical therapist and physical therapist assistants and regulates the practice of physical therapy. The mission of the PTBC is to advance and protect the interests of the people of California by the effective administration of the Physical Therapy Practice Act. To meet its mandate, the PTBC does this by investigating complaints against physical therapy professionals and the unlicensed practice of physical therapy. When warranted, administrative citations

or disciplinary action is initiated. Data taken as of July 2020 shows that the PTBC has a total of 33,488 licensees. Of these licensees, 489 complaints were received by the PTBC that year. The most common complaints received by the PTBC were:

1. Criminal convictions—abuse and/or possession of drugs or alcohol
2. Documentation and/or supervision of assistive personnel
3. Negligence/incompetence

SUBSTANCE ABUSE REHABILITATION HOTLINE

Physical therapists (P.T.s) and physical therapist assistants (PTAs) are not immune from the diseases of chemical dependency. Experts estimate that at least 10% of the general population will have a problem with alcohol or drugs at some point in their lives. Health care professionals, including P.T.s and PTAs, may be particularly susceptible to substance abuse problems due to the stresses of working in a health care environment and due to an increased opportunity to obtain controlled substances.

Many P.T.s and PTAs who experience problems with chemical dependency can find the help and support they need to stay clean and sober without involvement from the Physical Therapy Board of California (PTBC).

Unfortunately, most people suffering from chemical dependency deny the problem. Many times, they are the last to recognize and admit that they need help. If chemical dependency problems are left untreated, they

may eventually jeopardize patient health and safety. They can also threaten the life of the person afflicted.

In these cases, it becomes imperative that individuals who detect a chemical dependency health problem in a P.T. or PTA take action. Without intervention, diseases have predictable courses and outcomes. The PTBC's Substance Abuse Rehabilitation Program aims to identify symptoms, intervene, and change the outcomes.

The Substance Abuse Rehabilitation Program also provides an effective alternative to the traditional disciplinary process.

The PTBC has a voluntary and confidential program to help licensees overcome the disease of addiction. Call Maximus Inc. at **(800) 522-9198**. For **more information regarding Maximus**, refer to the PTBC website.

DO WE HAVE YOUR EMAIL ADDRESS?

Licensees are required to provide the Physical Therapy Board of California (PTBC) with an email address if the licensee has one. Email is an efficient conduit for sharing information between PTBC and its applicants and licensees. PTBC will be able to communicate regarding the status of applications, renewals, and requests for various PTBC services; provide law and regulation updates; and disseminate important PTBC news directly to each applicant and licensee—from the PTBC to your door (or email inbox). It doesn't get much easier! The PTBC hopes this accelerated delivery and

exchange of information will decrease processing times in all aspects of the PTBC's programs and facilitate licensees keeping apprised of laws and regulations and PTBC activities. Moreover, with the transition to the BreEZe system, email will be the standard method of communication. You can submit/update your email address using BreEZe or submit your address change with BreEZe. You may also submit your email address in writing to the PTBC—please include your name and license number.

LESS IS MORE

Less paper, less time, less room for error; more efficient, better service, greater access!

PTBC is eliminating the pocket license

The Physical Therapy Board of California (PTBC) is making license verification more effective and efficient for consumers and licensees. Effective July 2020, the PTBC will no longer issue pocket licenses upon initial licensure or renewal. Pocket licenses may not reflect a licensee's current status as it may change within the two-year license period, and they do not display enforcement action taken against a license, if any. Current license status and enforcement action information is available on Department of Consumer Affairs (DCA) [License Search, an online license verification system](#). Consumers, employers, or any interested party can access license information online 24 hours a day, seven days a week. You can access the DCA License Search system on the home page of the PTBC website at www.ptbc.ca.gov.

Subscribe to this newsletter at www.ptbc.ca.gov by clicking on "Join Our E-mail List" on the homepage under "Quick Hits," or go to www.dca.ca.gov/webapps/ptbc/interested_parties.php and submit your email address. You can also friend the PTBC on [Facebook](#) and follow us on [Twitter](#).

UPCOMING BOARD MEETINGS

March 25–26

University of St. Augustine for Health Sciences
700 Windy Point Drive, San Marcos, CA 92069
Building A, Room 209A

Cancelled

June 25, 2020

Department of Consumer Affairs
(WebEx)

September 17, 2020

Department of Consumer Affairs
(WebEx)

December 10, 2020

Department of Consumer Affairs
(WebEx)

Information regarding dates, locations, and agendas for Board meetings are posted on the PTBC website (www.ptbc.ca.gov) at least 10 days prior to the meeting dates.

HAS PTBC BEEN TO YOUR SCHOOL?

The Physical Therapy Board of California (PTBC) has made a goal to visit every physical therapy program in California by 2022. Looking at the maps below you can see we are more than halfway there. Have we been to your school yet?

For more information on school presentations and to have PTBC visit your school either in person or virtually, please contact April Beauchamps at april.beauchamps@dca.ca.gov or (916) 561-8202.

Physical Therapy Assistant Programs/Schools

PTBC OUTREACH SERVICES

School Presentations

- **Physical Therapy Board of California**
 - History
 - Roles and Responsibilities
 - Board Members/Staff
 - PTBC Overview
- **Consumer Protection**
 - Complaint Process
 - See Something, Say Something
 - How to Respond if Contacted by PTBC
 - Probation
 - Maximus Inc.
 - How to File a Complaint
 - What Is a Violation
 - License Verification
 - Who's Who in the Physical Therapy Office
 - Differences Between a P.T., PTA, and P.T. Aide
 - Laws and Regulations Overview
 - What to Do if You Have Problems or Concerns with a P.T. or PTA
- **Applications**
 - How to Apply for Licensure
- **Licensees**
 - Continuing Competency
 - How to Renew a License
- **Online Services**
 - BreEZe
 - » Verify a License, Apply Online, Renew a License, Name Change, Address Change, Etc.
 - PTBC Website
 - Listserv (Mailing List/Interested Parties List)
 - Social Media (Facebook, Twitter, Instagram, YouTube)

PTBC Booth at Events

- **Provide Information and One-on-One Help with BreEZe Services**
- **Answer Licensee, Student, Applicant, and Consumer Questions**

For more information on Outreach or to have PTBC present at your next event, please contact April Beauchamps at april.beauchamps@dca.ca.gov or (916) 561-8202.

STUDENT PRESENTATIONS FEEDBACK

"Very helpful in answering all of our questions and helping us to understand the process better!"

"Presenters are very knowledgeable and made some of the tough stuff easier to understand."

"This presentation really helped to reinforce the information I researched and helped me plan my application timeline."

"Thank you so much for taking time out of your day to prepare us for the rest of our career. The presentation was very informative."

"Thank you so much for all the important information. You made this process a lot less stressful and confusing"

"Very informative and a lot of insider information that will be very helpful! Thank you!"

"Very helpful information! I feel much more confident in my future application process. I especially appreciate all of the resources you provided us with. Thank you for all you do!"

**Congratulations to our newly
licensed physical therapists!**

ADMINISTRATIVE ACTIONS—DISCIPLINE

The Physical Therapy Board of California (PTBC) regulates the profession of physical therapy through the enforcement of the Physical Therapy Act (Act). The following summary indicates administrative actions taken by the PTBC from [month, year to month, year] against licensees for violations of the act.

Although every effort is made to ensure the following details are correct, before you make any decision based on this information, obtain a copy of the action in its entirety, including terms and conditions. You can download the copy through the Department of Consumer Affairs' online DCA License Search tool at <https://search.dca.ca.gov>.

KUENSTLER, KONRAD K. <i>LA MIRADA</i>	PT 35399	Interim Suspension	05/28/2020
VIOLATIONS			
Mental impairment affecting competency [psychiatric examination].			

ADMINISTRATIVE ACTIONS—CITATIONS

A Citation and Fine is an administrative action by which the Physical Therapy Board of California may address relatively minor violations of the Physical Therapy Practice Act that would not necessarily warrant discipline in order to protect the public.

Citation and Fine Orders are not disciplinary actions but are matters of public record. Citations remain on a licensee's file for five years and are then purged. By law, payment of a fine is considered satisfactory resolution of all violations contained in the citation.
