PRESIDENT'S MESSAGE

New Beginnings and Hope

By Alicia Rabena-Amen, Board President

Spring brings new beginnings, and the Physical Therapy Board of California (PTBC) is happy to have a fully appointed Board. We welcome Mr. Johnathan Ervin, appointed by the Senate at the end of last year. Mr. Ervin's appointment rounds out our third and final public member seat. We would also like to welcome Dr. Dayle Armstrong, physical therapist (P.T.), as our newest member appointed by Governor Gavin Newsom. Dr. Armstrong's appointment rounds out our final seat

(continued on page 2)

for a licensed member on the Board. Public member and Vice President Katarina Eleby and myself were both reappointed at the end of 2020 for another four years, and we are both thrilled to now have a complete Board of seven members.

This time of year also brings hope, and this spring we hold on to the promise of vaccinations and the longing to emerge out of the pandemic. Californians have yielded to safety protocols, and I am hearing that many physical therapy (P.T.) clinics are finally getting closer to their pre-COVID-19 census. This correlates with improved access to care for consumers, many who now have a choice in the outpatient setting between in-person visits versus telehealth visits.

Kudos to our licensees and students throughout the state who continue their commitment to service to our consumers. Even through the pandemic, I have seen examples of licensees donating their time and talent virtually to their communities. I've also seen students creating blankets for the homeless and homemade cards for the elderly. Most recently, many licensees and students have volunteered in various capacities at vaccination clinics, a win-win for the physical therapy profession and our consumers alike!

This spring, PTBC board staff have their own new beginnings in a new suite. While in the same building, the new office is now located in a larger space with room for everyone and even some extra room to physically distance as needed. The new suite number is 2600, chosen by Executive Officer Jason Kaiser, which

appropriately corresponds to Business and Professions Code section 2600: the first code section in our practice act. Very clever! We celebrate the long-overdue move that now provides adequate space for a staff that has grown in size to serve the ever-growing number of its licensees.

Speaking of licensees' numbers growing, PTBC has continued its outreach services during this pandemic to licensees, P.T. programs, and physical therapist assistant (PTA) programs as well. Although now virtual, licensees and students are still receiving presentations on laws and regulations, as well as the application process. With these personalized presentations and PTBC staff continually improving their application processing operations, applicants and licensees are receiving their licenses and renewals faster than ever before. Two thumbs up for all PTBC staff during this challenging time of the pandemic, including balancing taking care of their families with working both from home as well as in the office.

Spring also gives us an opportunity to look forward. This year the PTBC Board members and staff will be working with stakeholders as we prepare for our Sunset Review in the first few months of 2022. Please keep your eyes and ears open for opportunities to participate in the process where your voice is welcomed, valued, and necessary.

With hope for what lies ahead and gratitude for the opportunity to serve,

Alicia Rabena-Amen, DPT, PTBC President

Do We Have Your Email Address?

Licensees are required to provide the Physical Therapy Board of California (PTBC) with an email address if the licensee has one. Email is an efficient conduit for sharing information between PTBC and its applicants and licensees. PTBC will be able to communicate regarding the status of applications, renewals, and requests for various PTBC services; provide law and regulation updates; and disseminate important PTBC news directly to each applicant and licensee—from the PTBC to your door (or email inbox). It doesn't get much easier! The PTBC hopes this accelerated delivery and

exchange of information will decrease processing times in all aspects of the PTBC's programs and facilitate licensees keeping apprised of laws and regulations and PTBC activities. Moreover, with the transition to the BreEZe system, email will be the standard method of communication. You can submit/update your email address using BreEZe or submit your address change with BreEZe. You may also submit your email address in writing to the PTBC—please include your name and license number.

WATCH FOR US

STAY CONNECTED

Board meetings are held throughout California to give the public and licensees the opportunity to attend. Information regarding dates, locations, and agendas for Board meetings are posted on the PTBC website (www.ptbc.ca.gov) at least 10 days prior to the meeting dates.

The Physical Therapy Board of California is on Facebook and Twitter. Follow us at:

facebook.com/PTBCnews

twitter.com/PTBCnews

or visit our website at www.ptbc.ca.gov.

BOARD MEMBERS

President

Alicia Rabena-Amen, P.T., DPT

Vice President

Katarina Eleby, M.A.

Dayle C. Armstrong, Ph.D., P.T., M.S., DPT

Jesus Dominguez, Ph.D., P.T.

Daniel Drummer, P.T., DPT

Johnathon Ervin

Tonia McMillian

EXECUTIVE STAFF

Executive Officer

Jason Kaiser

Elsa Ybarra, Assistant Executive Officer

Sarah Conley, Manager

Application, License Maintenance and
Continuing Competency Services Programs

Liz Constancio, Manager

Administrative Services Program

From left to right: Jason Kaiser, Executive Officer; Jesus Dominguez, P.T., Ph.D.; Alicia Rabena-Amen, P.T., DPT; Katarina Eleby, M.A., Public Member; Tonia McMillian, Public Member; Daniel Drummer, P.T., DPT; and Michael Kanotz, Board Legal Counsel.

The Board convenes in public meetings to conduct the business of the PTBC, make regulatory and enforcement decisions, and to address other issues within their jurisdiction.

Continuing competency hours may be awarded for attending Board meetings in person to encourage

physical therapists and physical therapist assistants to learn more about the issues and operations of the PTBC.

Can't attend a meeting? While you won't receive continuing competency credit, you can still view the meeting actions via webcast. Become a [Facebook friend](#) of the PTBC and you'll receive notification and a link to gain access on the meeting day.

DO YOU WANT TO HOST A BOARD MEETING?

Who is the Physical Therapy Board of California?

The Physical Therapy Board of California (PTBC) is a government agency within the Department of Consumer Affairs. PTBC licenses and disciplines physical therapists and physical therapist assistants. The PTBC provides three principal types of consumer services: verifies education and background prior to licensure, provides information about the practice of physical therapy by physical therapists and physical therapist assistants, and investigates complaints against physical therapists and physical therapist assistants.

Board Meetings

Board meetings are mandated to three board meetings a year. Typically, the PTBC conducts four meetings a year in the areas of Northern and Southern California. Board meetings are usually two days long and the public is highly encouraged to attend.

Benefits of Hosting a Board Meeting

- Consumers in the area can be educated on the practice of physical therapy.
- Licensees in the area can attend and receive continuing competency credit while having their voice heard on topics being discussed.
- Students and applicants can attend in between classes and learn how the PTBC operates and how decisions are made that affect the profession.
- Name recognition for the hosting location.

Mission

To advance and protect the interests of the people of California by the effective administration of the Physical Therapy Practice Act.

Vision

The standard for consumer protection in physical therapy.

For More Information on Hosting a Board Meeting

WE HAVE MOVED

We hope this issue of *Progress Notes* finds you healthy and well!

The Physical Therapy Board of California (PTBC) is excited to announce a whole new location and new look, but the same consumer protection!

Our new office is located at 2005 Evergreen St., Suite 2600, Sacramento, CA, 95815.

We have also updated our logo and are proud to unveil the new look!

With all the exciting changes taking place in our new office, one thing remains the same: The Physical Therapy Board of California is still committed to the highest standards when it comes to consumer protection.

Please make a note of our new address. Our office hours are Monday through Friday, 8 a.m. to 5 p.m. We look forward to seeing you!

PHYSICAL THERAPY
BOARD OF CALIFORNIA

PTBC MILESTONES

The Physical Therapy Board of California (PTBC) would like to thank and recognize all of you for your hard work and dedication to the PTBC, consumers, licensees, students, and applicants of California. You all go above and beyond for the people of California and we are so grateful to have you as part of the PTBC family.

Justin Silva , <i>License Maintenance Technician</i>	5 years with PTBC
David Laxton , <i>Enforcement Analyst</i>	15 years with PTBC
Elsa Ybarra , <i>Assistant Executive Officer</i>	30 years with PTBC

THE JOURNALS OF A PHYSICAL THERAPY STUDENT DURING THE PANDEMIC

BY MELANIE FRANCISCO

Like many in my cohort and those before us, I was first exposed to physical therapy (P.T.) through sports. With a 12-year gymnastics career—eight of them involving training around 25 hours per week as part of a competitive traveling team—there was hardly a day when one of us wasn't injured. I've witnessed gymnasts dislocate their elbows, land on their necks, and tear ACLs. I've even accidentally flipped onto the balance beam support resulting in a traumatic brain injury and amnesia. Through my friends' and my personal experiences, the world of physical rehab became very familiar to me. Seeking a career that combines my love for movement with wanting the best outcomes for those with injuries naturally led me to physical therapy. I graduated from California State University, Sacramento, with a bachelor's degree in kinesiology—exercise science, with a specialization in clinical exercise and rehabilitation. While volunteering at a hospital and clinics during undergrad and working as an aide, I learned about the wide scope of P.T. practice and education. Today, I am a second-year student physical therapist at the University of the Pacific getting ready to embark on my clinical education rotations.

One thing that sets current second- and third-year cohorts apart from previous classes is the unprecedented experience of the abrupt and impromptu transition from in-person to distance learning during our rigorous doctorate programs. The global pandemic has affected all facets of life for many people, and we have not been immune to these changes. As a student in an accelerated doctorate of physical therapy (DPT) program, I have come to learn that face-to-face, hands-on learning is paramount to prepare ourselves for our quickly-approaching careers. Though some topics such as pathophysiology, research, and documentation may not necessarily be taught much differently as an online lecture course, this is not the case for learning practical skills like transfers, manual

techniques, or therapeutic exercises. Simply talking about how to do a maneuver to roll a person is not the same as actually handling a weighted, human form. And while I am thankful for platforms like Zoom, it just doesn't cut it.

Using an online survey, I was able to reach out and get feedback from nearly 60 students across three California DPT programs regarding their opinions on distance learning as compared to in-person classes. I included categories involving physical, mental, and emotional pros and cons of distance learning to reflect different aspects of our new student lives.

First, the cons. Nearly all students (96.6%) consider having less hands-on time to be a negative of distance learning. A high majority of respondents (approximately 75% or more) consider having less face-to-face time with their peers and faculty and being easily distracted as cons. At least 60% responded that they learn better in-person, can't concentrate at home, don't have someone to study or practice with, and experience lethargic or other negative feelings. Professors' technical difficulties during class and an increased amount of work given were also cons experienced by this large majority. Notable cons of the responding students also include being less active, not relating to classmates, no access to resources such as the library, unchanged or increased expectations from professors though the education is not the same, feelings of unpreparedness for exams and career, and declining confidence and mental health.

However, the switch to distance learning has some pros. Around 75% or more participants found it positive that they don't have to commute as often, are saving money on gas, and have a decreased risk of exposure to COVID-19. At least 50% of students can spend more time with those they live with and pets, and save some time associated with going to class (e.g., meal prep, getting dressed/ready, and/or packing). Some students (approximately 45%)

(continued on page 7)

have been getting to sleep in more and get more things done around the house. Notable pros are the flexibility of class and more time for self-care.

The “new normal” has given rise to a different P.T. school experience than what we signed up for. The backdrop of the pandemic plus political and social unrest locally and internationally may also be exacerbating effects felt by students, especially since we cannot unplug from online communications. Yet through these contemporary crises, P.T. students across California continue to endure and invest in their education and careers. My program has been

extremely lucky to have professors and faculty who have bent over backwards to get us essential lab time, and we have valued every moment of these hours. To my fellow students who are struggling, I am struggling with you. We joined this noble profession with passion to provide knowledge and care to our patients. It is important to not lose sight of that. I hope that we physical therapists will continue to advocate for and be gentle with ourselves and each other, for our sake and our patients, and to continue our growth as a collective.

PROCESSING APPLICATIONS DURING THE PANDEMIC

BY VALERIE KEARNEY

In March 2020, COVID-19 lockdown orders were issued in California and across the U.S. The Physical Therapy Board of California's (PTBC) Application Services Program faced the unprecedented challenge of continuing to serve the people of California by ensuring physical therapist (P.T.) and physical therapist assistant (PTA) applicants met the qualifications for licensure and were licensed in as reasonable a time frame as the situation allowed. The pandemic caused applicant resources to be unavailable, limited, or rescheduled. As state employees and designated essential workers, PTBC staff are charged with keeping the PTBC operational. A pandemic shutdown cannot equate to a work stoppage.

The difficulties guiding P.T. and PTA applicants through the application process to qualify for licensure were several: delayed education program completion, limited access to testing, and unavailability of fingerprint vendors. Many students' clinical rotations that are required for program completion and graduation were delayed. Clinical sites were closing completely, or if they remained open, only retained the necessary providers. This generated concern for both students and school programs who then contacted the PTBC for guidance.

The Federation of State Boards of Physical Therapy (FSBPT), the organization that administers both exams required for P.T. and PTA licensure, cancelled all April exams without a clear plan to reschedule due to necessary disinfection, Personal Protective Equipment (PPE), and physical distancing at the testing centers. When FSBPT began rescheduling exams in May, applicants' ability to schedule depended upon the stay-at-home orders of the state in which the testing center was located. Moreover, seating was severely limited in all testing centers to ensure social distancing standards were followed. Most California Live Scan locations, which in-state applicants access to submit their fingerprints for the required background check, closed until further notice. Also, out-of-state police departments that are the go-to provider of fingerprinting services for endorsement applicants would not allow members of the general public in their offices. Therefore, many applications were deficient for lack of fingerprint results; however, this did not prohibit the applicants from scheduling their exams.

In addition to supporting its stakeholders, PTBC along with most other state government agencies were almost instantaneously transitioned to work at home with limited access to the office for the purpose of health and safety—limiting exposure and slowing the spread of COVID-19. This required all staff to adjust to new technology, working environments, and how they interacted and communicated within the organization and with stakeholders. Staff not only needed to assist stakeholders in navigating the effects of the pandemic but were doing so themselves as well.

While the pandemic initiated a statewide lockdown, PTBC Application Services Unit staff remained available to respond to inquiries about closed clinical sites and delayed completion of clinical rotations and education programs. In addition, staff offered resources for assistance since the PTBC does not directly approve or accredit education programs. When students were able to complete their programs, the PTBC implemented electronic education verification to increase application processing efficiency and issuance of License Applicant status: a status that permits applicants for licensure to work under specific supervision pending the results of their exams. The PTBC closely monitored the progress on examination opportunities following the cancellation of examinations. Staff worked to prepare applicants for examination and licensure while the examinations were cancelled so applicants would be ready and free of any delays in scheduling their examinations when the examinations resumed. When applicants successfully completed the required examinations and the applications were complete, staff made every effort to issue licenses as quickly as possible to facilitate the ability for new licensees to begin working to serve California consumers and, for many, to address student loans. This same approach was taken for applicants with application delays due to closed fingerprinting sites, which staff accommodated by working to eliminate any further licensure delays.

(continued on page 9)

(Processing Applications During the Pandemic continued from page 6)

Applications Services staff consistently demonstrated their flexibility and commitment to PTBC's stakeholders throughout the past year, which is reflected in the PTBC's Application Services statistics. From March through December 2020, P.T. and PTA applications received and processed declined less than 10% from the prior year, a year without the difficulties associated with the pandemic. Similarly, for the same timeframe, P.T. and PTA licenses issued also declined less than 10% from the prior year. Although

these declines were expected during this time period due to limited applicant resources, Application Services Unit staff worked to assist applicants through the application process and eliminate undue burden on the applicants, who had already endured other difficulties. The PTBC looks forward to continuing its commitment to California consumers and license applicants by ensuring applicants meet the minimum qualifications of licensure efficiently with professionalism, proficiency, and empathy.

VIRTUAL PRESENTATIONS BY APRIL BEAUCHAMPS

School Presentations During the Pandemic

It has been the Physical Therapy Board of California's (PTBC) goal to visit every physical therapy (P.T.) and physical therapy assistant (PTA) program by the end of our strategic plan (June 2022). As of now, PTBC has provided presentations to 12 out of 16 P.T. programs and eight out of 16 PTA programs. In total, 20 out of 32 programs have received presentations on laws and regulations and the application process.

The PTBC was well on its way to meet this goal, and then the COVID-19 pandemic hit. Travel was cancelled and schools moved to distance learning. Although being in-person

for these presentations is ideal and we enjoy the face-to-face interaction, we too had to adjust.

The PTBC is happy to announce that we are doing virtual presentations via Zoom or any other platforms that the program prefers. Since the pandemic, PTBC has provided 13 virtual presentations.

If you would like to schedule a virtual presentation with PTBC, please contact April Beauchamps at april.beauchamps@dca.ca.gov. We look forward to seeing you all on camera and look forward to when we can all be face-to-face again.

MEET PTBC'S NEW BOARD MEMBER

DR. DAYLE C. ARMSTRONG, PHYSICAL THERAPIST

The Physical Therapy Board of California (PTBC) would like to welcome our newest Board Member Dr. Dayle Armstrong. Dr. Armstrong was appointed to serve on the Board on January 26, 2021, by California Governor Gavin Newsom. We are so excited to have Dr. Armstrong on the Board and thought we would ask her a few questions to get to know her a little better.

Q. What is your favorite color?

My favorite color is green.

Q. What are your hobbies?

I love to spend time with my husband and two children and attending NBA basketball games.

Q. Do you like sports? If so, what are your favorite teams?

I love sports! My favorite team is the Los Angeles Clippers. I also like watching football. My favorite NFL team is the Cowboys.

Q. What is your favorite food?

I have several favorite foods, but I would say my top-two are sushi and seafood pasta. As a single item, however, I love cheese!

Q. What would say is your spirit animal?

I do not have a spirit animal. But we have a fun and feisty Australian poodle named Pepper.

Q. What is your favorite dessert?

Anything chocolate.

Q. What colleges did you attend?

I attended Mount St. Mary's University, University of Southern California, Western University of Health Sciences, and University of Medical Sciences Arizona.

Q. What made you decide to become a physical therapist?

I knew I wanted to be a physical therapist when I was 13 years old. I was a volunteer at the community hospital in my city. One day, I was assigned to the Physical Therapy Department and, from that moment on, I knew this was what I wanted to do. Physical therapy is an amazing profession and I feel very blessed that I have an opportunity to educate people and help them regain function and progress in motor skills.

Q. What drew you to wanting to serve on the Physical Therapy Board of California?

I wanted to be in a position to give back to others. I am extremely passionate about maintaining and improving the integrity of our profession and I am honored to be on a team that will be a voice to advocate at the state level.

Q. What do you hope to bring to PTBC as a board member?

I am passionate about providing an ethical voice in the public arena. I am looking forward to giving back and assisting in shaping the future of the physical therapy profession. I would like to have an impact on preserving quality control to the P.T. consumers in California. As a pediatric physical therapist, my experiences and philosophy are in direct alignment with Governor Newsom's agenda of prioritizing children's health.

SUBSTANCE ABUSE REHABILITATION HOTLINE

Physical therapists (P.T.s) and physical therapist assistants (PTAs) are not immune from the diseases of chemical dependency. Experts estimate that at least 10 percent of the general population will have a problem with alcohol or drugs at some point in their lives. Health care professionals, including P.T.s and PTAs, may be particularly susceptible to substance abuse problems due to the stresses of working in a health care environment and due to an increased opportunity to obtain controlled substances.

Many P.T.s and PTAs who experience problems with chemical dependency can find the help and support they need to stay clean and sober without involvement from the Physical Therapy Board of California (PTBC).

Unfortunately, most people suffering from chemical dependency deny the problem. Many times, they are the last to recognize and admit that they need help. If chemical dependency problems are left untreated, they

may eventually jeopardize patient health and safety. They can also threaten the life of the person afflicted.

In these cases, it becomes imperative that individuals who detect a chemical dependency health problem in a P.T. or PTA take action. Without intervention, diseases have predictable courses and outcomes. The PTBC's Substance Abuse Rehabilitation Program aims to identify symptoms, intervene, and change the outcomes.

The Substance Abuse Rehabilitation Program also provides an effective alternative to the traditional disciplinary process.

The PTBC has a voluntary and confidential program to help licensees overcome the disease of addiction. Call Maximus Inc. at **(800) 522-9198**. For **more information regarding Maximus**, refer to the PTBC website.

LESS IS MORE

Less paper, less time, less room for error; more efficient, better service, greater access!

PTBC is eliminating the pocket license

The Physical Therapy Board of California (PTBC) is making license verification more effective and efficient for consumers and licensees. Effective July 2020, the PTBC will no longer issue pocket licenses upon initial licensure or renewal. Pocket licenses may not reflect a licensee's current status as it may change within the two-year license period, and they do not display enforcement action taken against a license, if any. Current license status and enforcement action information is available on Department of Consumer Affairs (DCA) [License Search, an online license verification system](#). Consumers, employers, or any interested party can access license information online 24 hours a day, seven days a week. You can access the DCA License Search system on the home page of the PTBC website at www.ptbc.ca.gov.

Subscribe to this newsletter at www.ptbc.ca.gov by clicking on "Join Our E-mail List" on the homepage under "Quick Hits," or go to www.dca.ca.gov/webapps/ptbc/interested_parties.php and submit your email address. You can also friend the PTBC on [Facebook](#) and follow us on [Twitter](#).

UPCOMING BOARD MEETINGS

June 24 & 25, 2021

Department of Consumer Affairs
(Webex)

September 15 & 16, 2021

Department of Consumer Affairs
(Webex)

December 9 & 10, 2021

Department of Consumer Affairs
(Webex)

Information regarding dates, locations, and agendas for Board meetings are posted on the PTBC website (www.ptbc.ca.gov) at least 10 days prior to the meeting dates.

HAS PTBC BEEN TO YOUR SCHOOL?

The Physical Therapy Board of California (PTBC) has made a goal to visit every physical therapy program in California by 2022. Looking at the maps below you can see we are more than halfway there. Have we been to your school yet?

For more information on school presentations and to have PTBC visit your school either in person or virtually, please contact April Beauchamps at april.beauchamps@dca.ca.gov or (916) 561-8202.

ADMINISTRATIVE ACTIONS—DISCIPLINE

The Physical Therapy Board of California (PTBC) regulates the profession of physical therapy through the enforcement of the Physical Therapy Act (Act). The following summary indicates recent administrative actions taken by the PTBC against licensees for violations of the act.

Although every effort is made to ensure the following details are correct, before you make any decision based on this information, obtain a copy of the action in its entirety, including terms and conditions. You can download the copy through the Department of Consumer Affairs' online DCA License Search tool at <https://search.dca.ca.gov>.

NAME AND CITY	LICENSE NO.	ACTION	EFFECTIVE DATE
KUENSTLER, KONRAD K. <i>LA MIRADA</i>	PT 35399	License Surrendered	07/23/2020
VIOLATIONS

BARKER, LISA MARIE PLANO, TX	PT 23040	License Revoked	12/14/2020
VIOLATIONS			
Use of alcohol beverages to the extent, or in such a manner, as to be dangerous or injurious to respondent, another person, or to the public; discipline, restriction, or limitation imposed by another state; unprofessional conduct; and violation of a provision or provisions of the Physical Therapy Practice Act.			

NAME AND CITY	LICENSE NO.	ACTION	EFFECTIVE DATE
NEASE, MICHAEL CHRISTOPHER MOSS LANDING	PT 29321	Public Reprimand	12/16/2020
VIOLATIONS			
Failing to post employee licenses in area visible to patients, or to require physical therapy licensees employed to wear name tags; failing to adequately secure confidential patient information and medical records; failing to maintain documentation of the competency level of Physical Therapy Aide(s) for performing patient related tasks; failing to document which aspects of patient care were delegated to and provided by Physical Therapy Aides in multiple patient records; permitted a PTA under supervision to document patient's progress report and to provide that report to the patient's physician; and other patient record documentation.			

DISCIPLINE

ADMINISTRATIVE ACTIONS—CITATIONS

A Citation and Fine is an administrative action by which the Physical Therapy Board of California may address relatively minor violations of the Physical Therapy Practice Act that would not necessarily warrant discipline in order to protect the public.

Citation and Fine Orders are not disciplinary actions but are matters of public record. Citations remain on a licensee's file for five years and are then purged. By law, payment of a fine is considered satisfactory resolution of all violations contained in the citation.
