MESSAGE FROM THE PRESIDENT

It is with privilege that the Physical Therapy Board of California (board) presents you with our *2018–2022 Strategic Plan*. The process included feedback from the public, licensees, educators, board members and staff, as well as other stakeholders. Thank you to all who contributed thoughtful responses, and to the board for its valuable collaboration to develop objectives that will help the board provide enhanced services overall.

This plan will guide the board in planning for efficiencies across our programs while continuing to focus on our mandate of consumer protection. We aim to improve outreach by increasing our efforts to educate the public, licensees, and other stakeholders. We also aspire to strengthen our licensing and enforcement programs as we work to meet our mission of protecting the health, welfare, and safety of the public.

We are proud to have accomplished most of our goals from our prior strategic plan, and we look forward to using our new objectives to guide us as leaders in consumer protection. As president of the board, I invite your ideas and contributions to meeting the objectives of this plan. Board meetings are held at least four times a year across the state and publicly noticed in advance. Your presence and participation is most welcome, encouraged, and appreciated.

Sincerely,

Alicia K. Rabena-Amen, P.T., DPT
President, Physical Therapy Board of California

ABOUT THE BOARD

The Physical Therapy Board of California (board) licenses and regulates physical therapists and physical therapist assistants. The board is comprised of four licensed members and three public members. The governor appoints the four licensed members and one public member; the speaker of the Assembly appoints one public member; and the Senate Rules Committee appoints one public member. The board's mandate is to protect the public from the incompetent, unprofessional, and fraudulent practice of physical therapy.

To meet this mandate, the board must ensure that:

- Applicants meet the necessary education, examination, and experience qualifications to obtain licensure.
- Licensees comply with continuing competency requirements to maintain licensure.
- Consumers are informed of their rights and how complaints may be filed with the board.
- Consumer complaints are processed efficiently.
- Appropriate action is imposed on licensees who are found in violation of the Physical Therapy Practice Act.
- Laws and regulations uphold the board's mandate, mission, and vision.

This strategic plan will systematically chart the board's course for the next four years by establishing its goals and objectives. These goals and objectives are the framework that will tactically guide activities and focus resources to uphold the board's mandate in the most efficacious manner possible.

STRATEGIC PLAN METHODOLOGY

To understand the environment in which the board operates and identify factors that could impact its success, the California Department of Consumer Affairs' SOLID unit conducted an environmental scan of the internal and external environments by collecting information through the following methods:

- Interviews conducted with all members of the board, including the executive officer, completed during the months of January and February 2018 to assess the challenges and opportunities the board is currently facing or will face in the upcoming years.
- Three focus groups with board staff during the month of January 2018 to identify the strengths and weaknesses of the board from an internal perspective. Twenty-three board staff participated.
- An online survey was sent to approximately 27,000 external board stakeholders in January 2018 to identify the strengths and weaknesses of the board from an external perspective. A total of 1,825 stakeholders completed the survey.

The most significant themes and trends identified from the environmental scan were discussed by board members and management during a strategic planning session facilitated by SOLID on April 12, 2018. This information guided the board in the development of its mission, vision, and values, while directing the strategic goals and objectives outlined in this *2018–2022 Strategic Plan*.
